

The image shows a 10x10 grid of circles, each containing a number from 1 to 9. The numbers are arranged in a pattern that repeats every 3 columns. The first four columns are highlighted by a red border. The numbers in the grid are as follows:  
  
Row 1: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 2: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 3: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 4: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 5: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 6: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 7: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 8: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 9: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
Row 10: 1, 1, 1, 2, 2, 3, 2, 2, 1, 1  
  
The red border covers the first four columns of the grid.

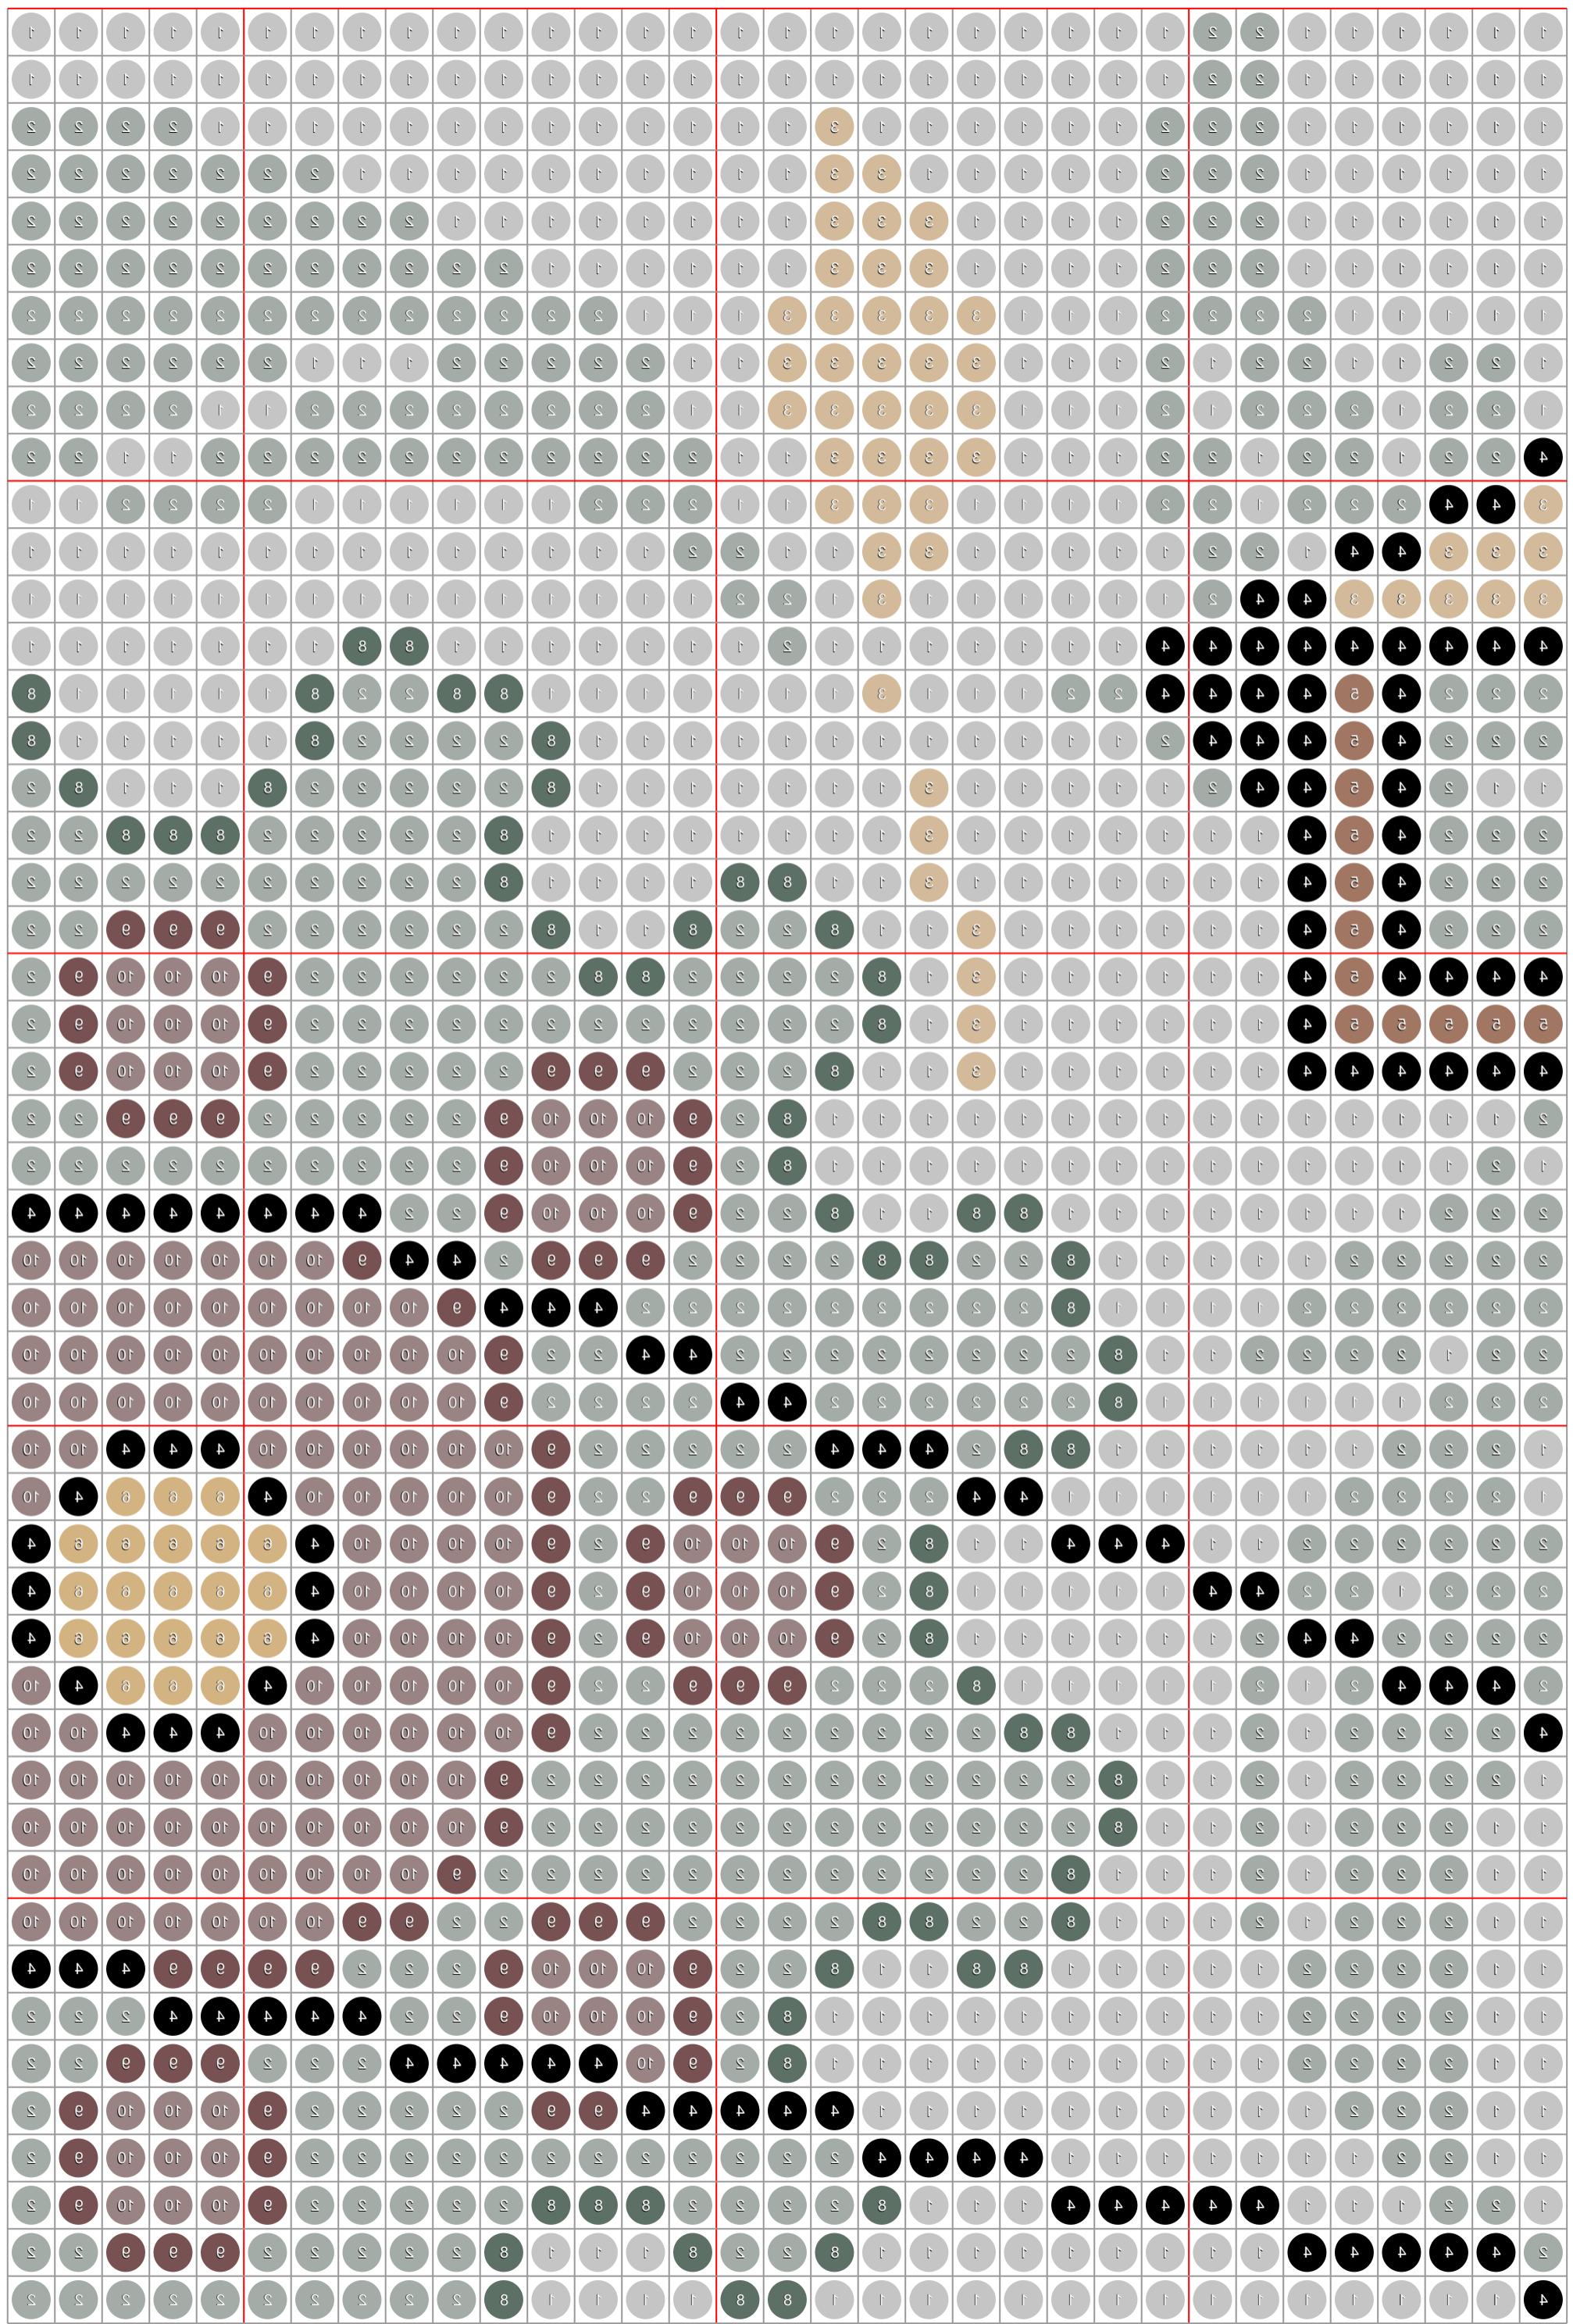

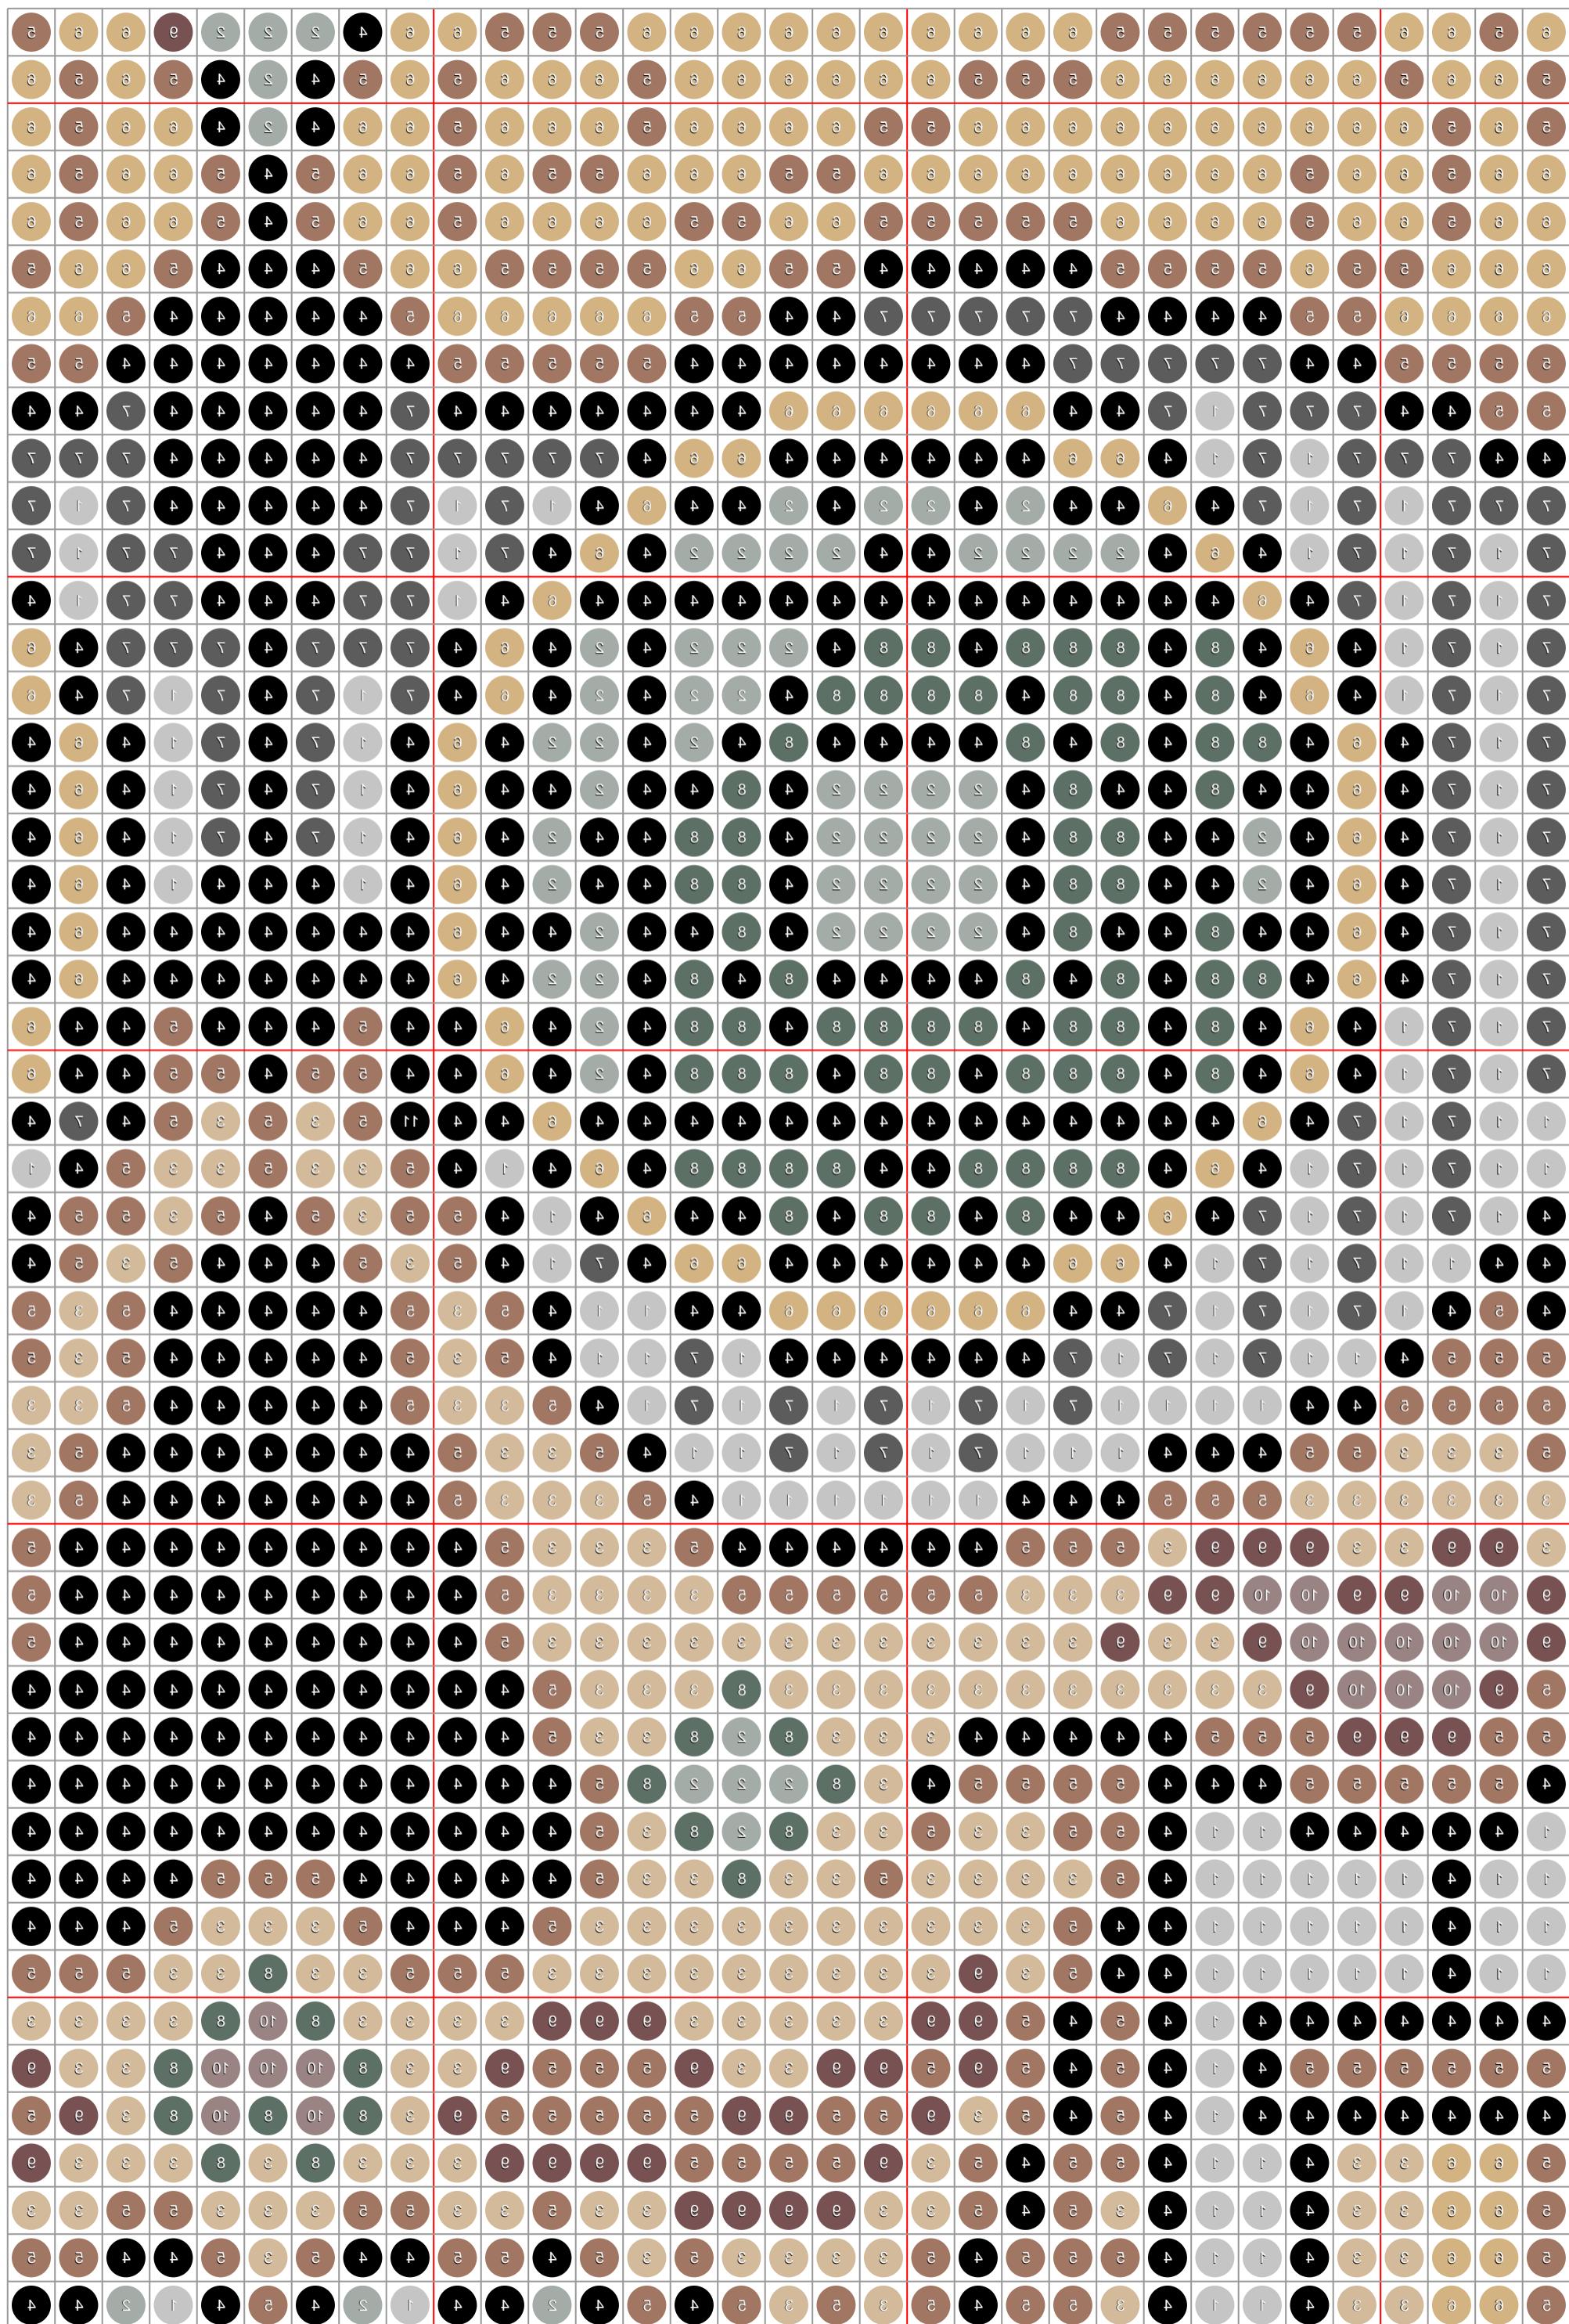

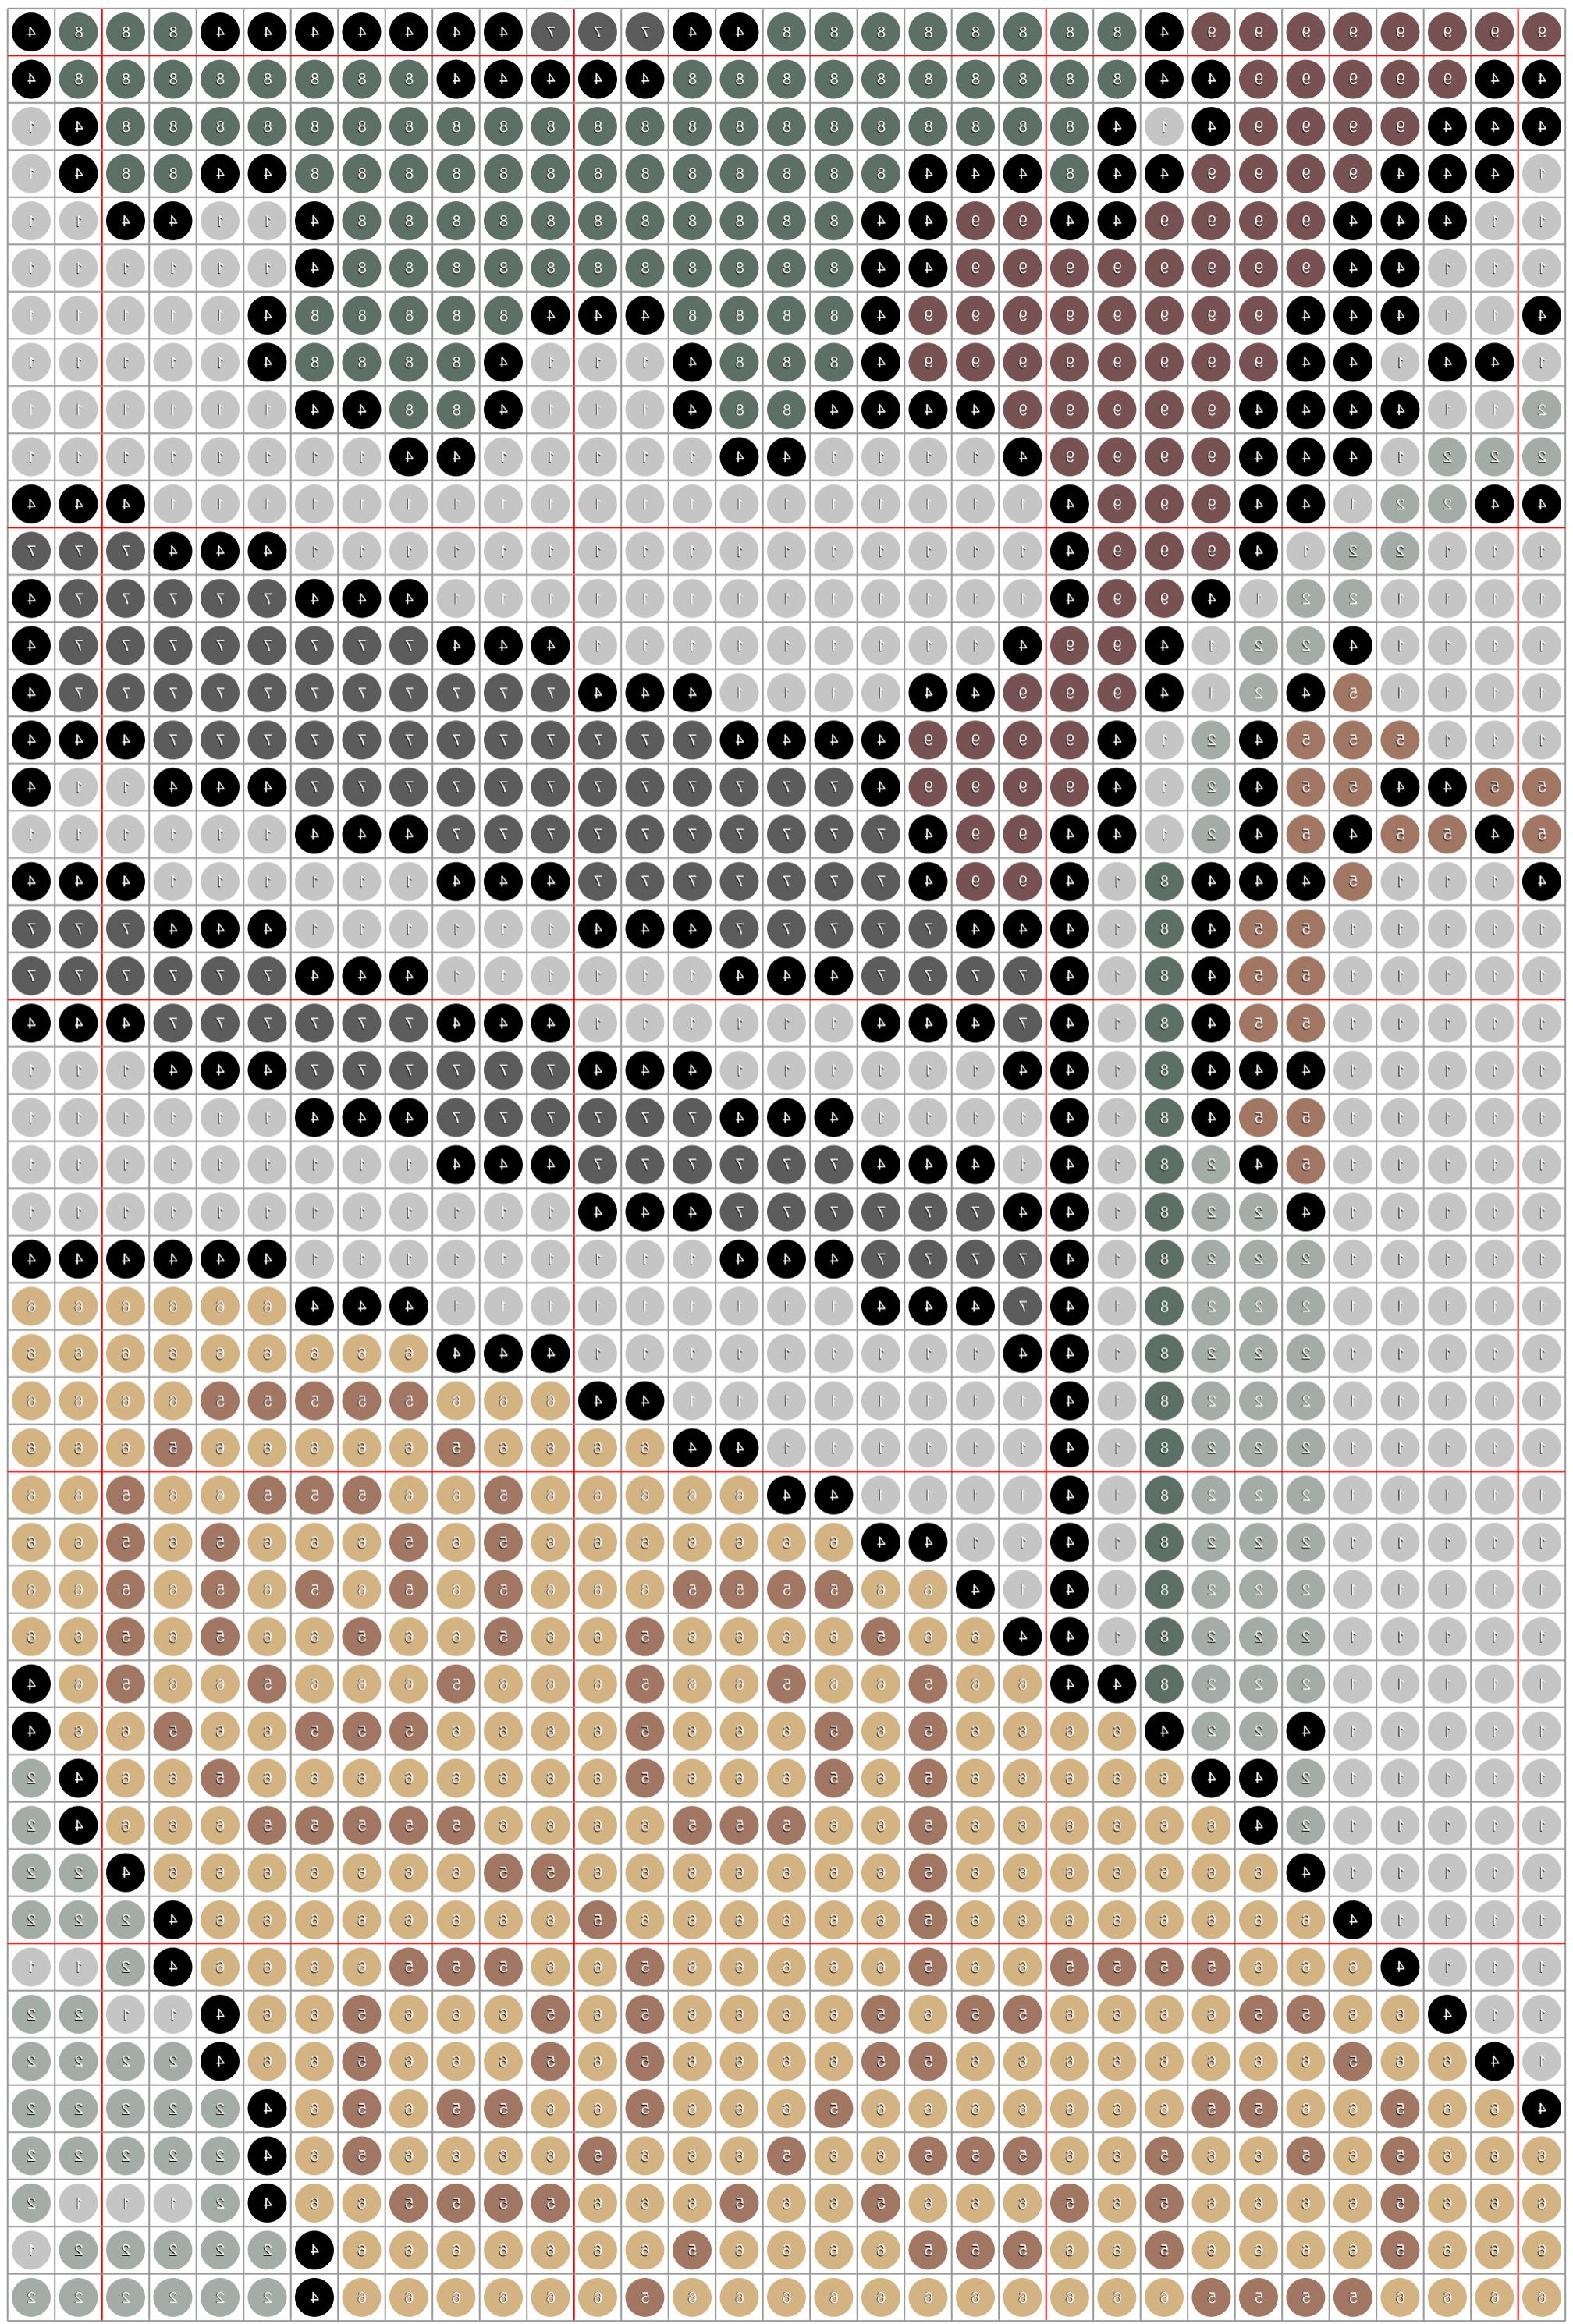

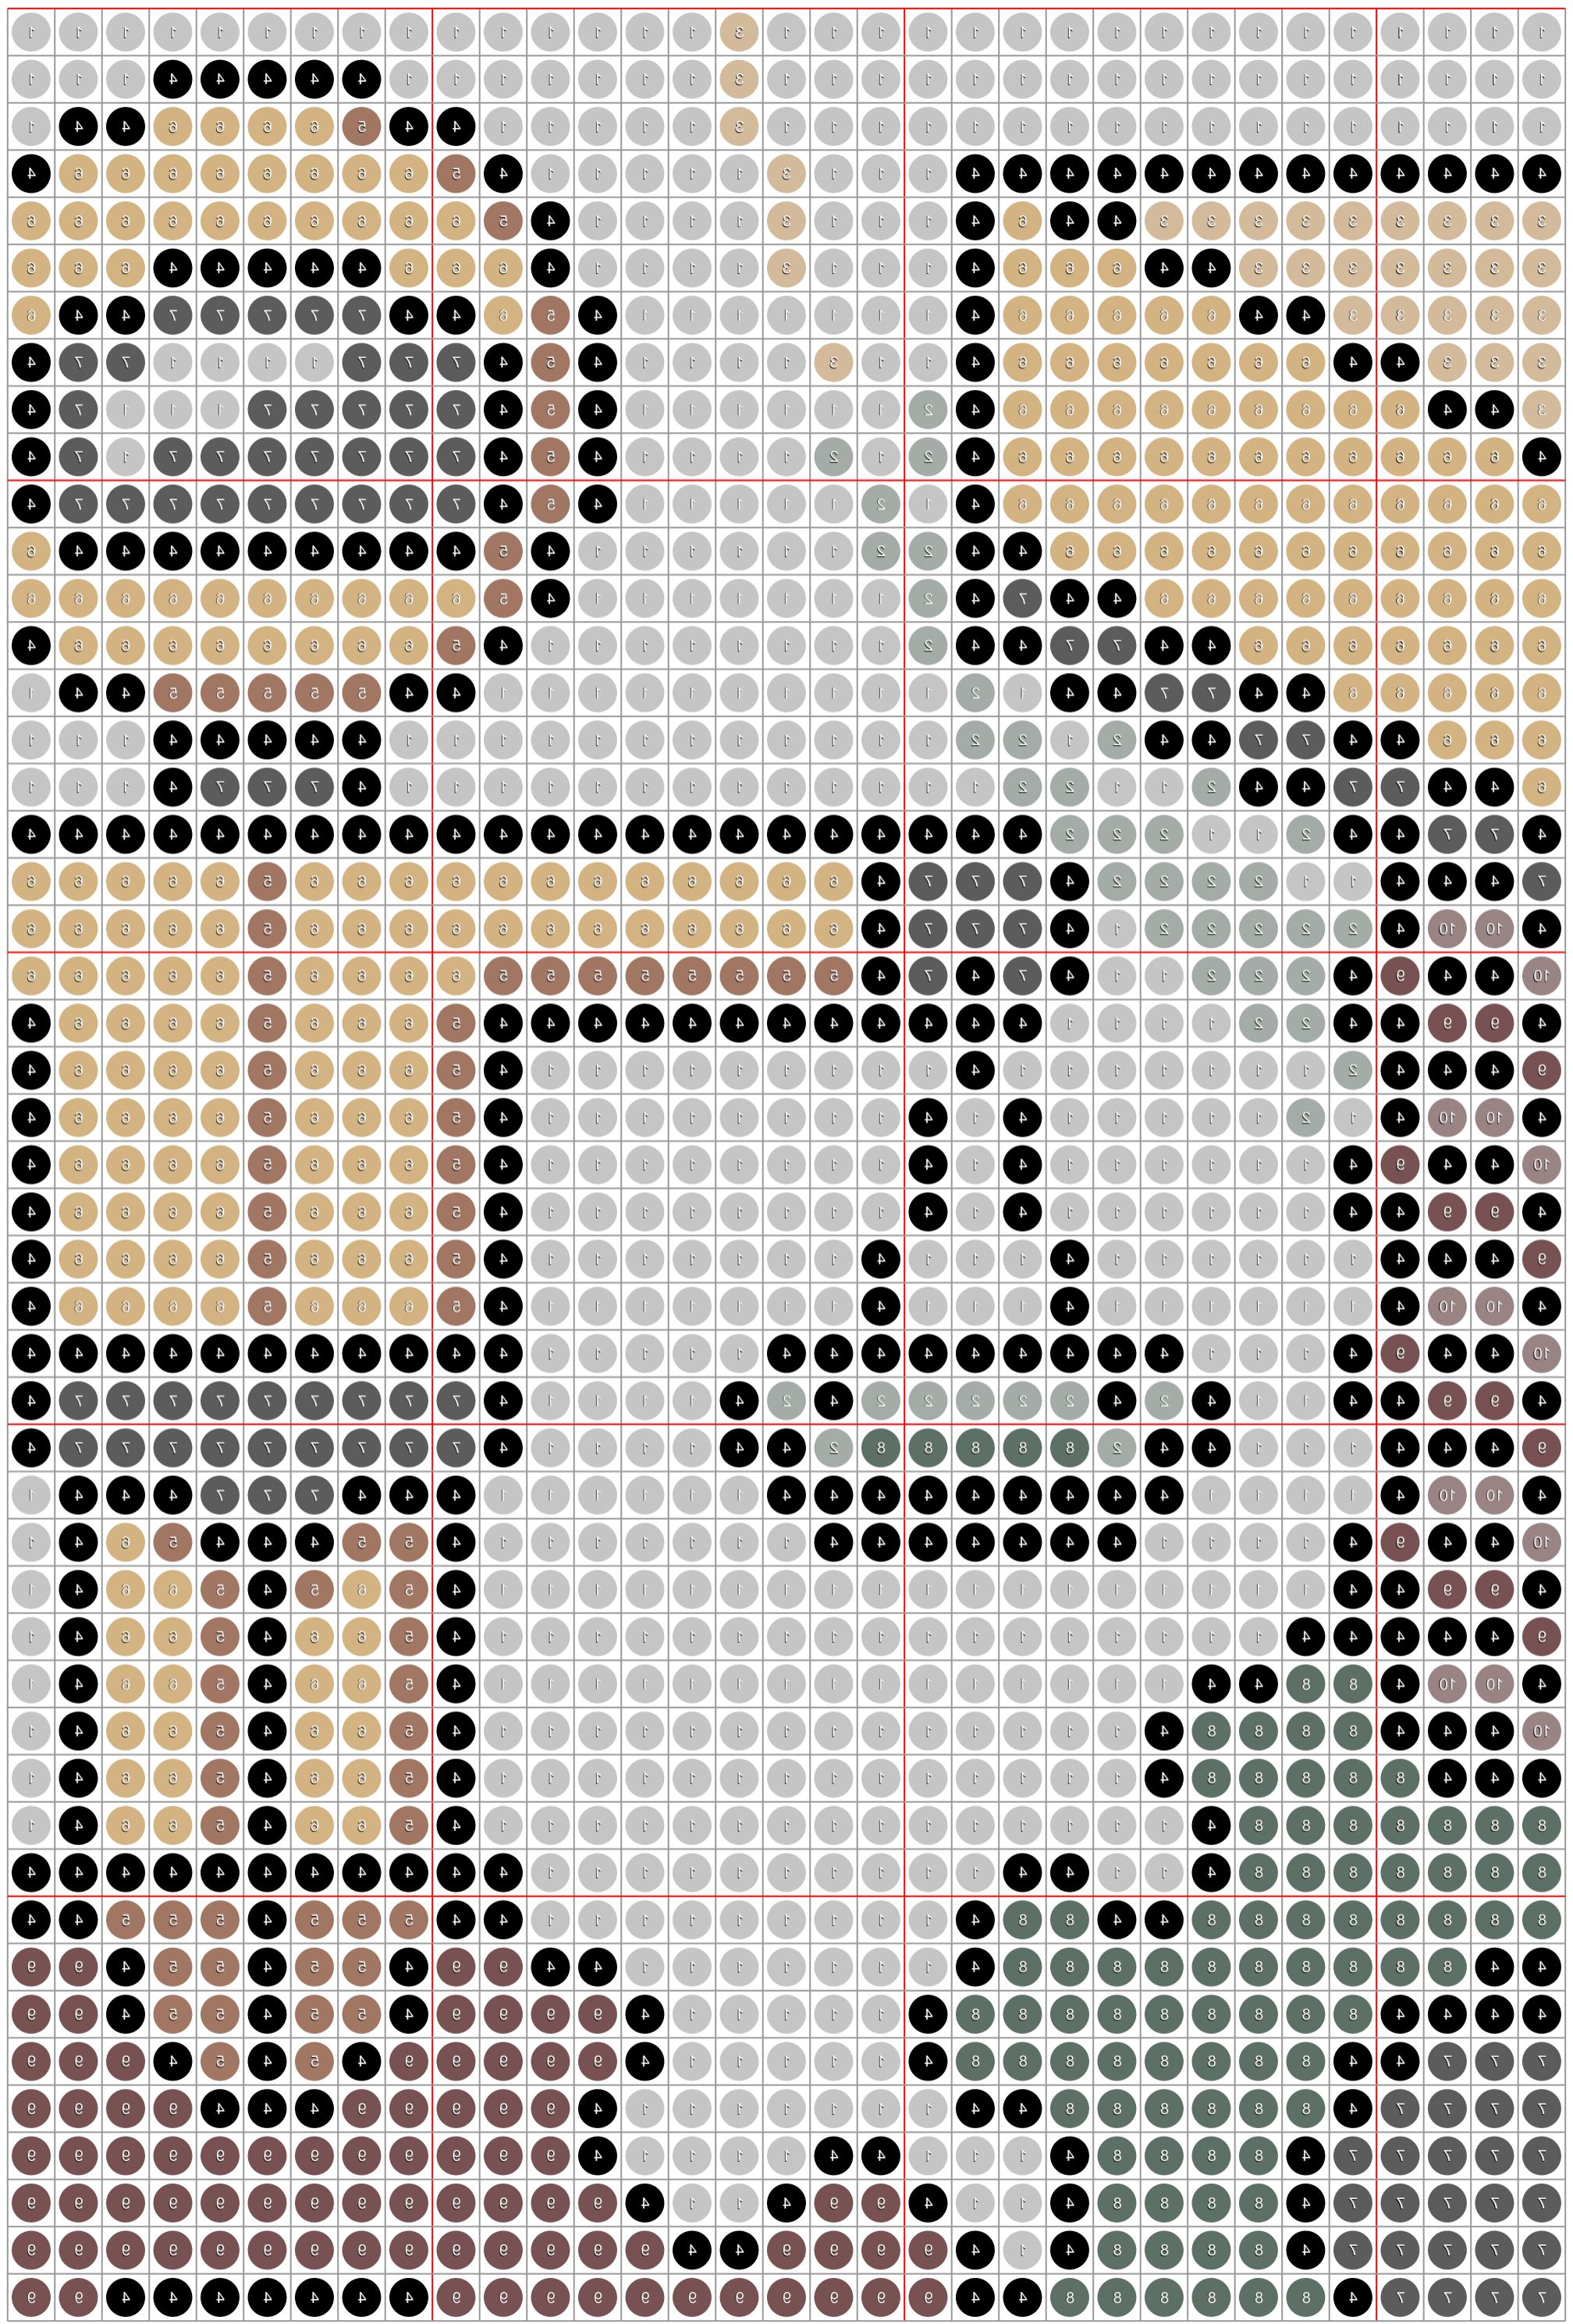

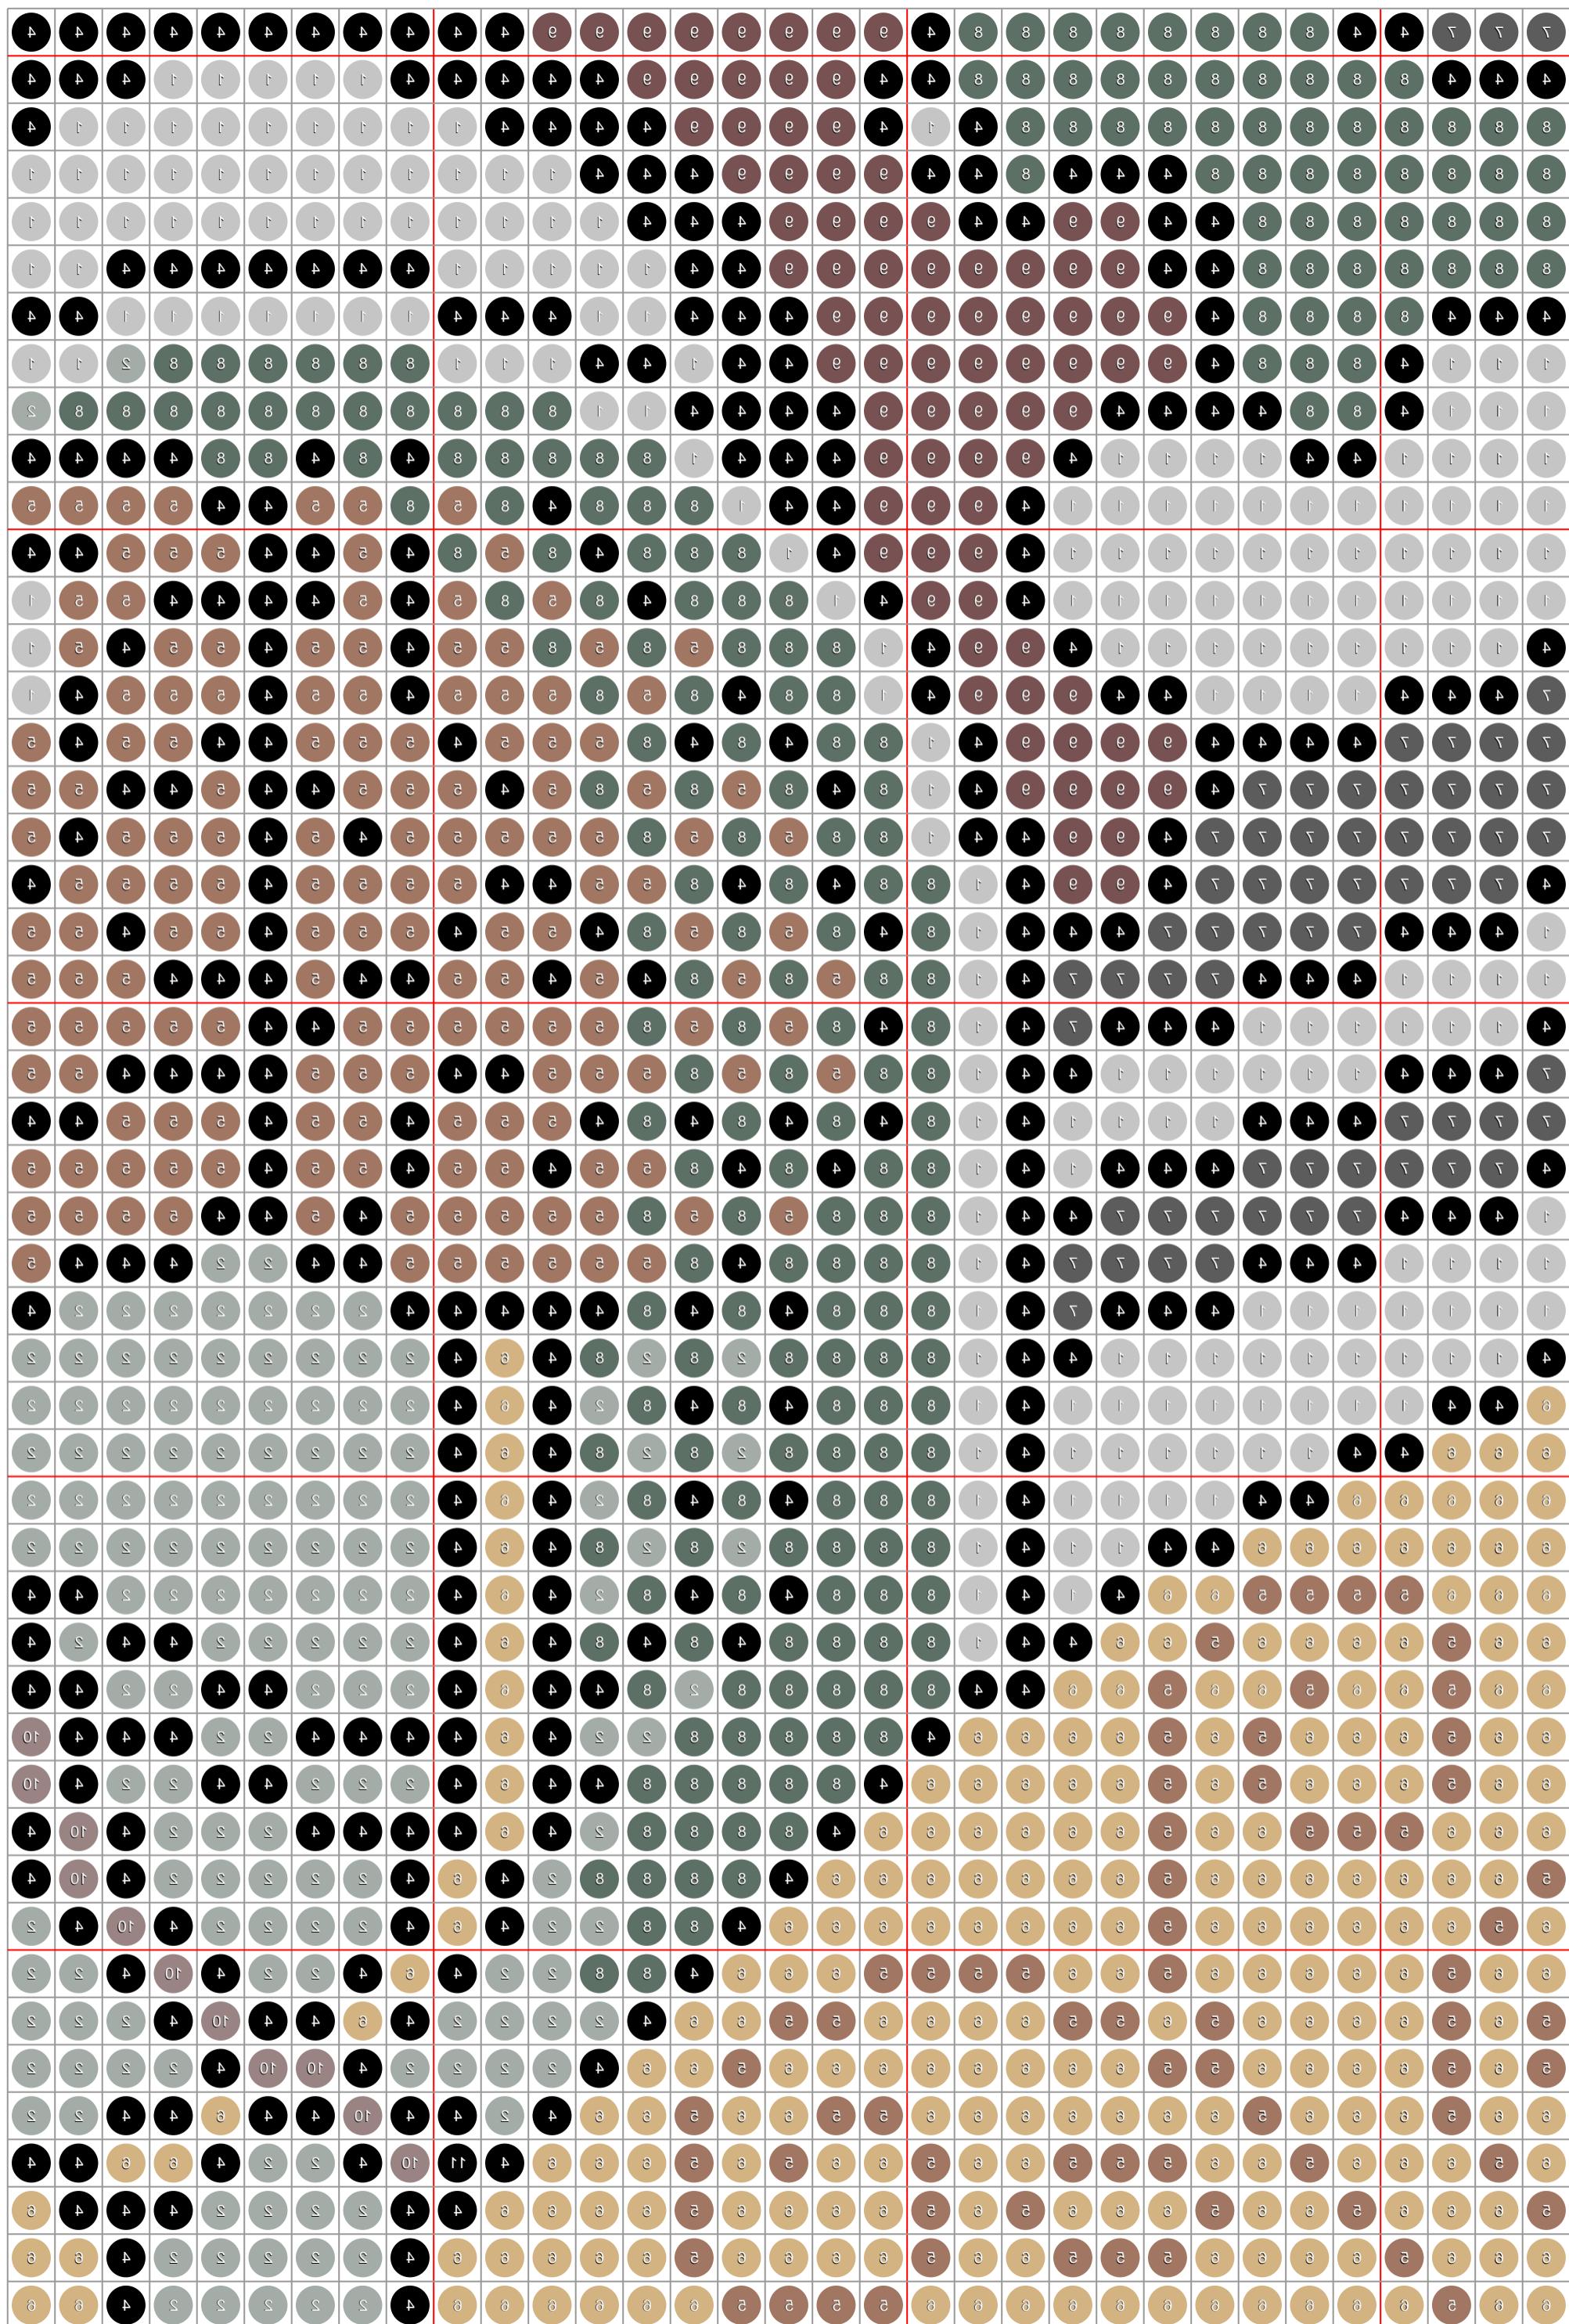

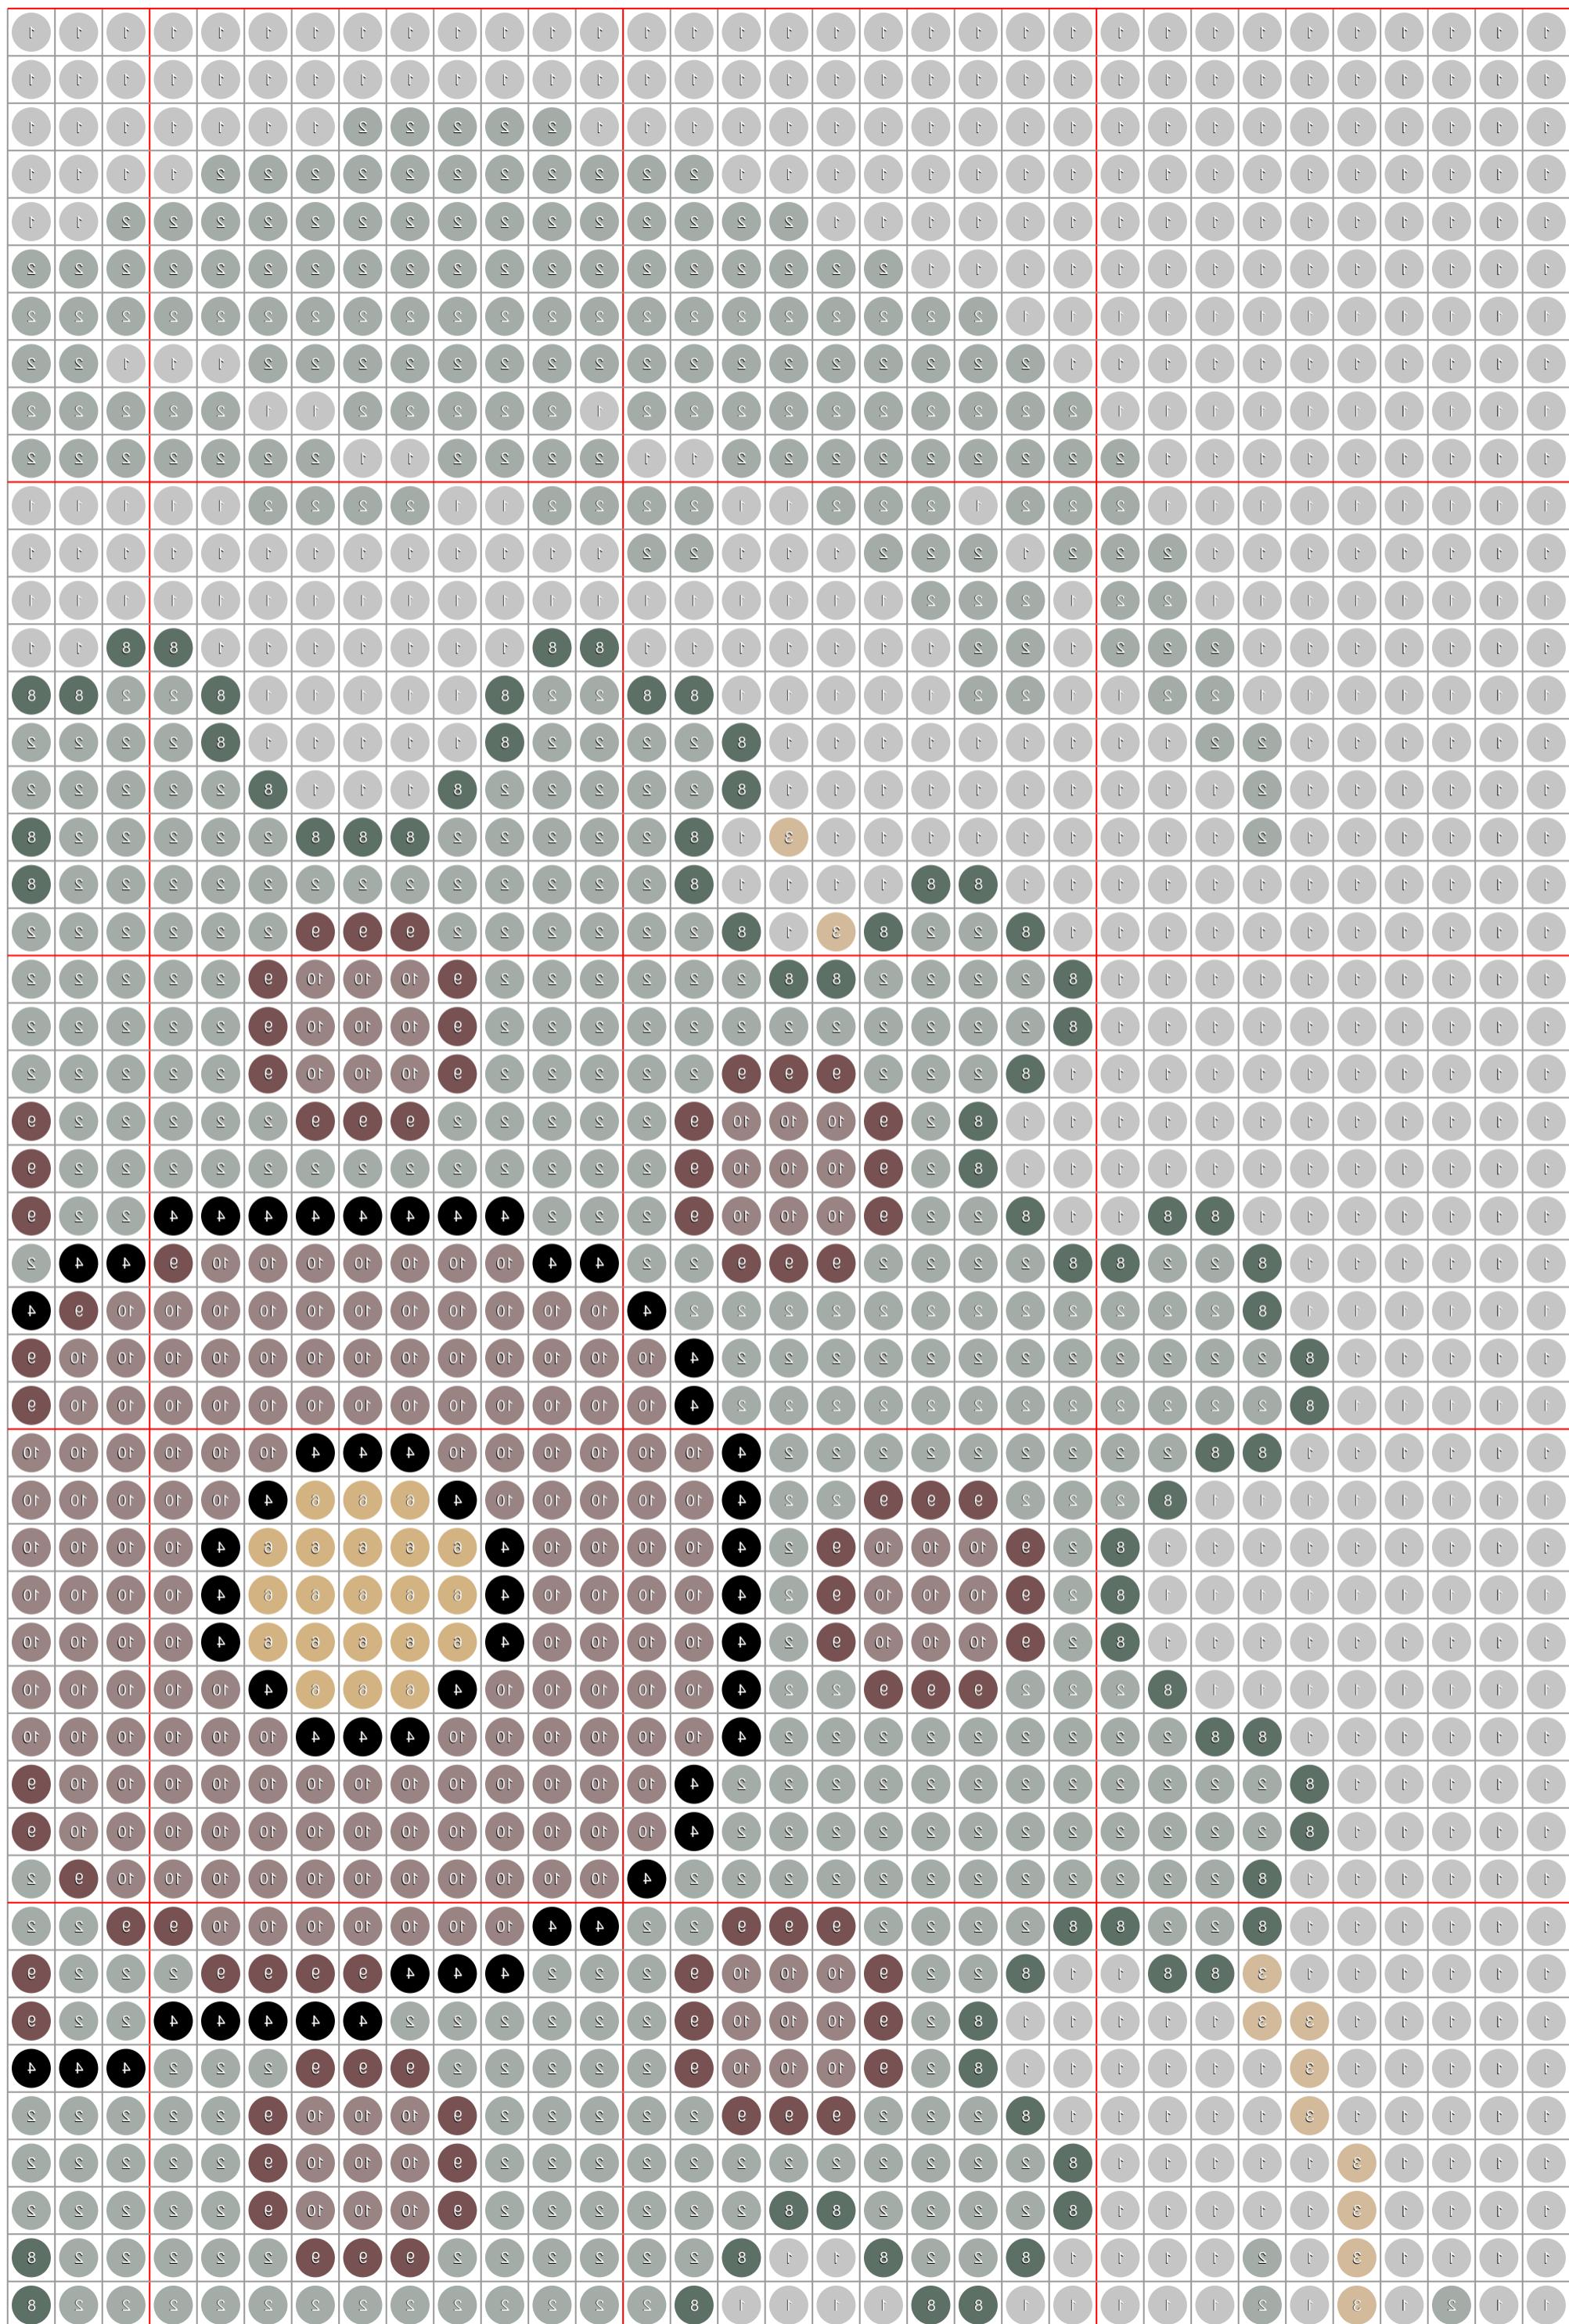

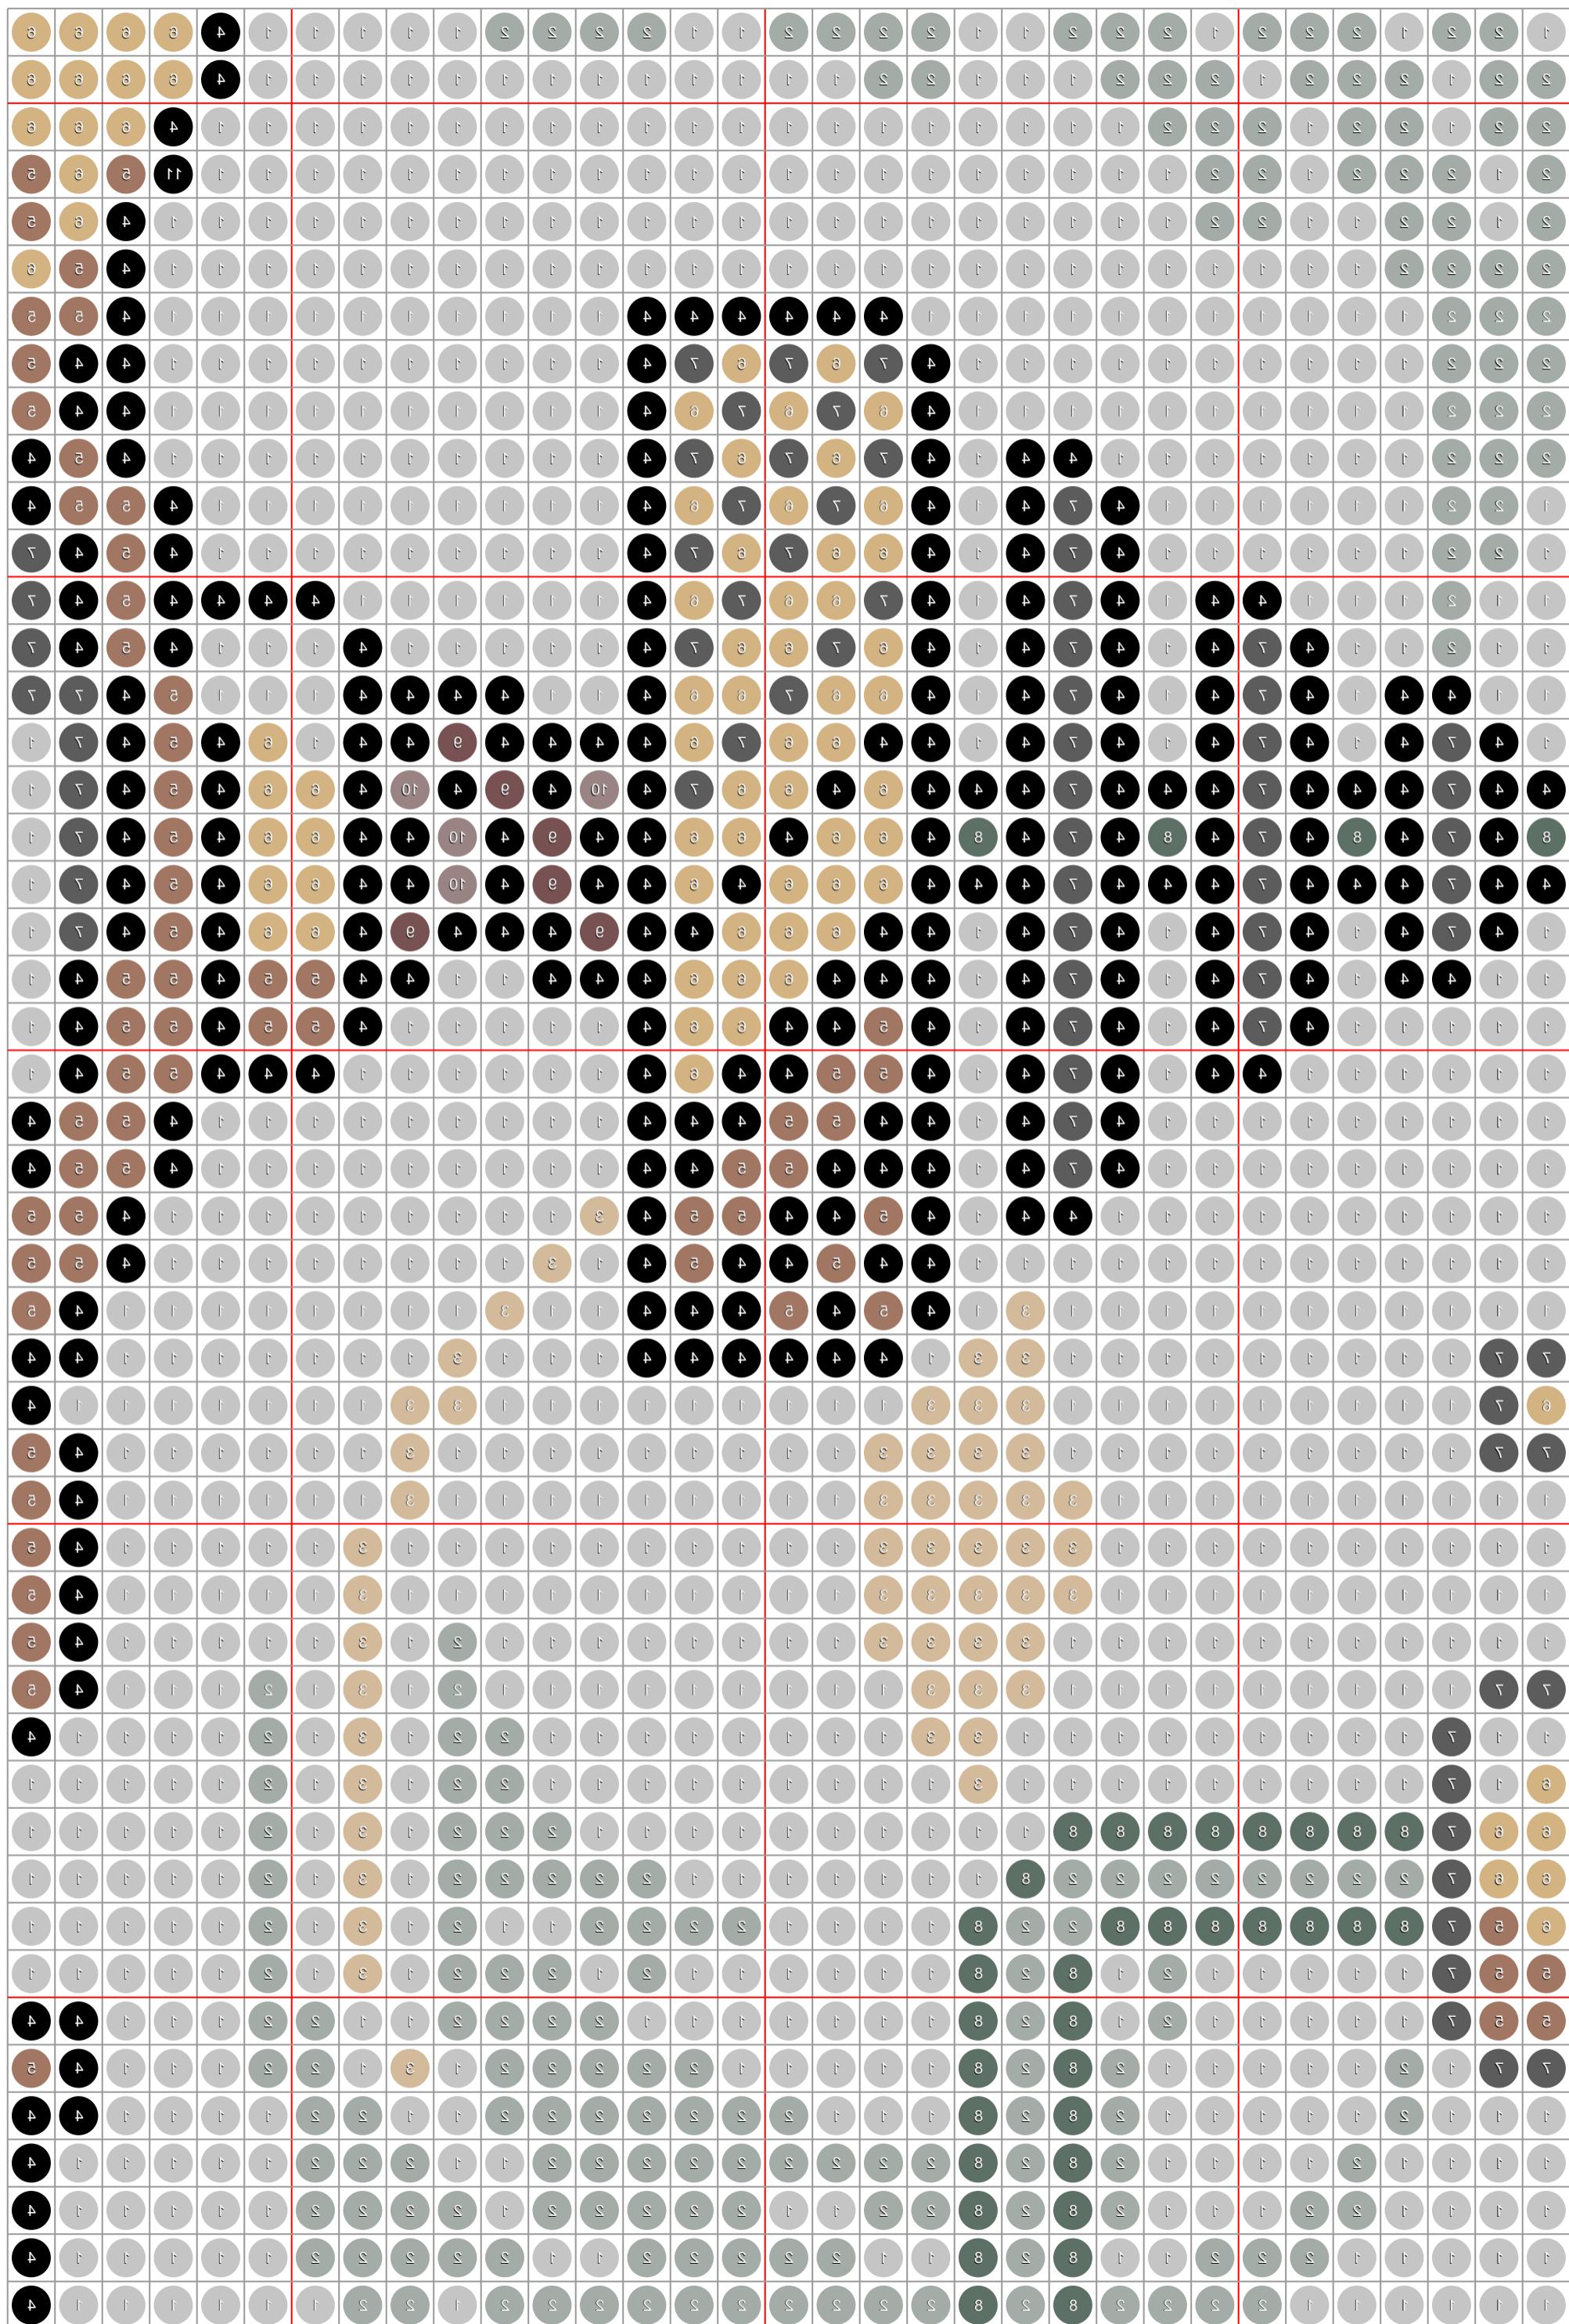

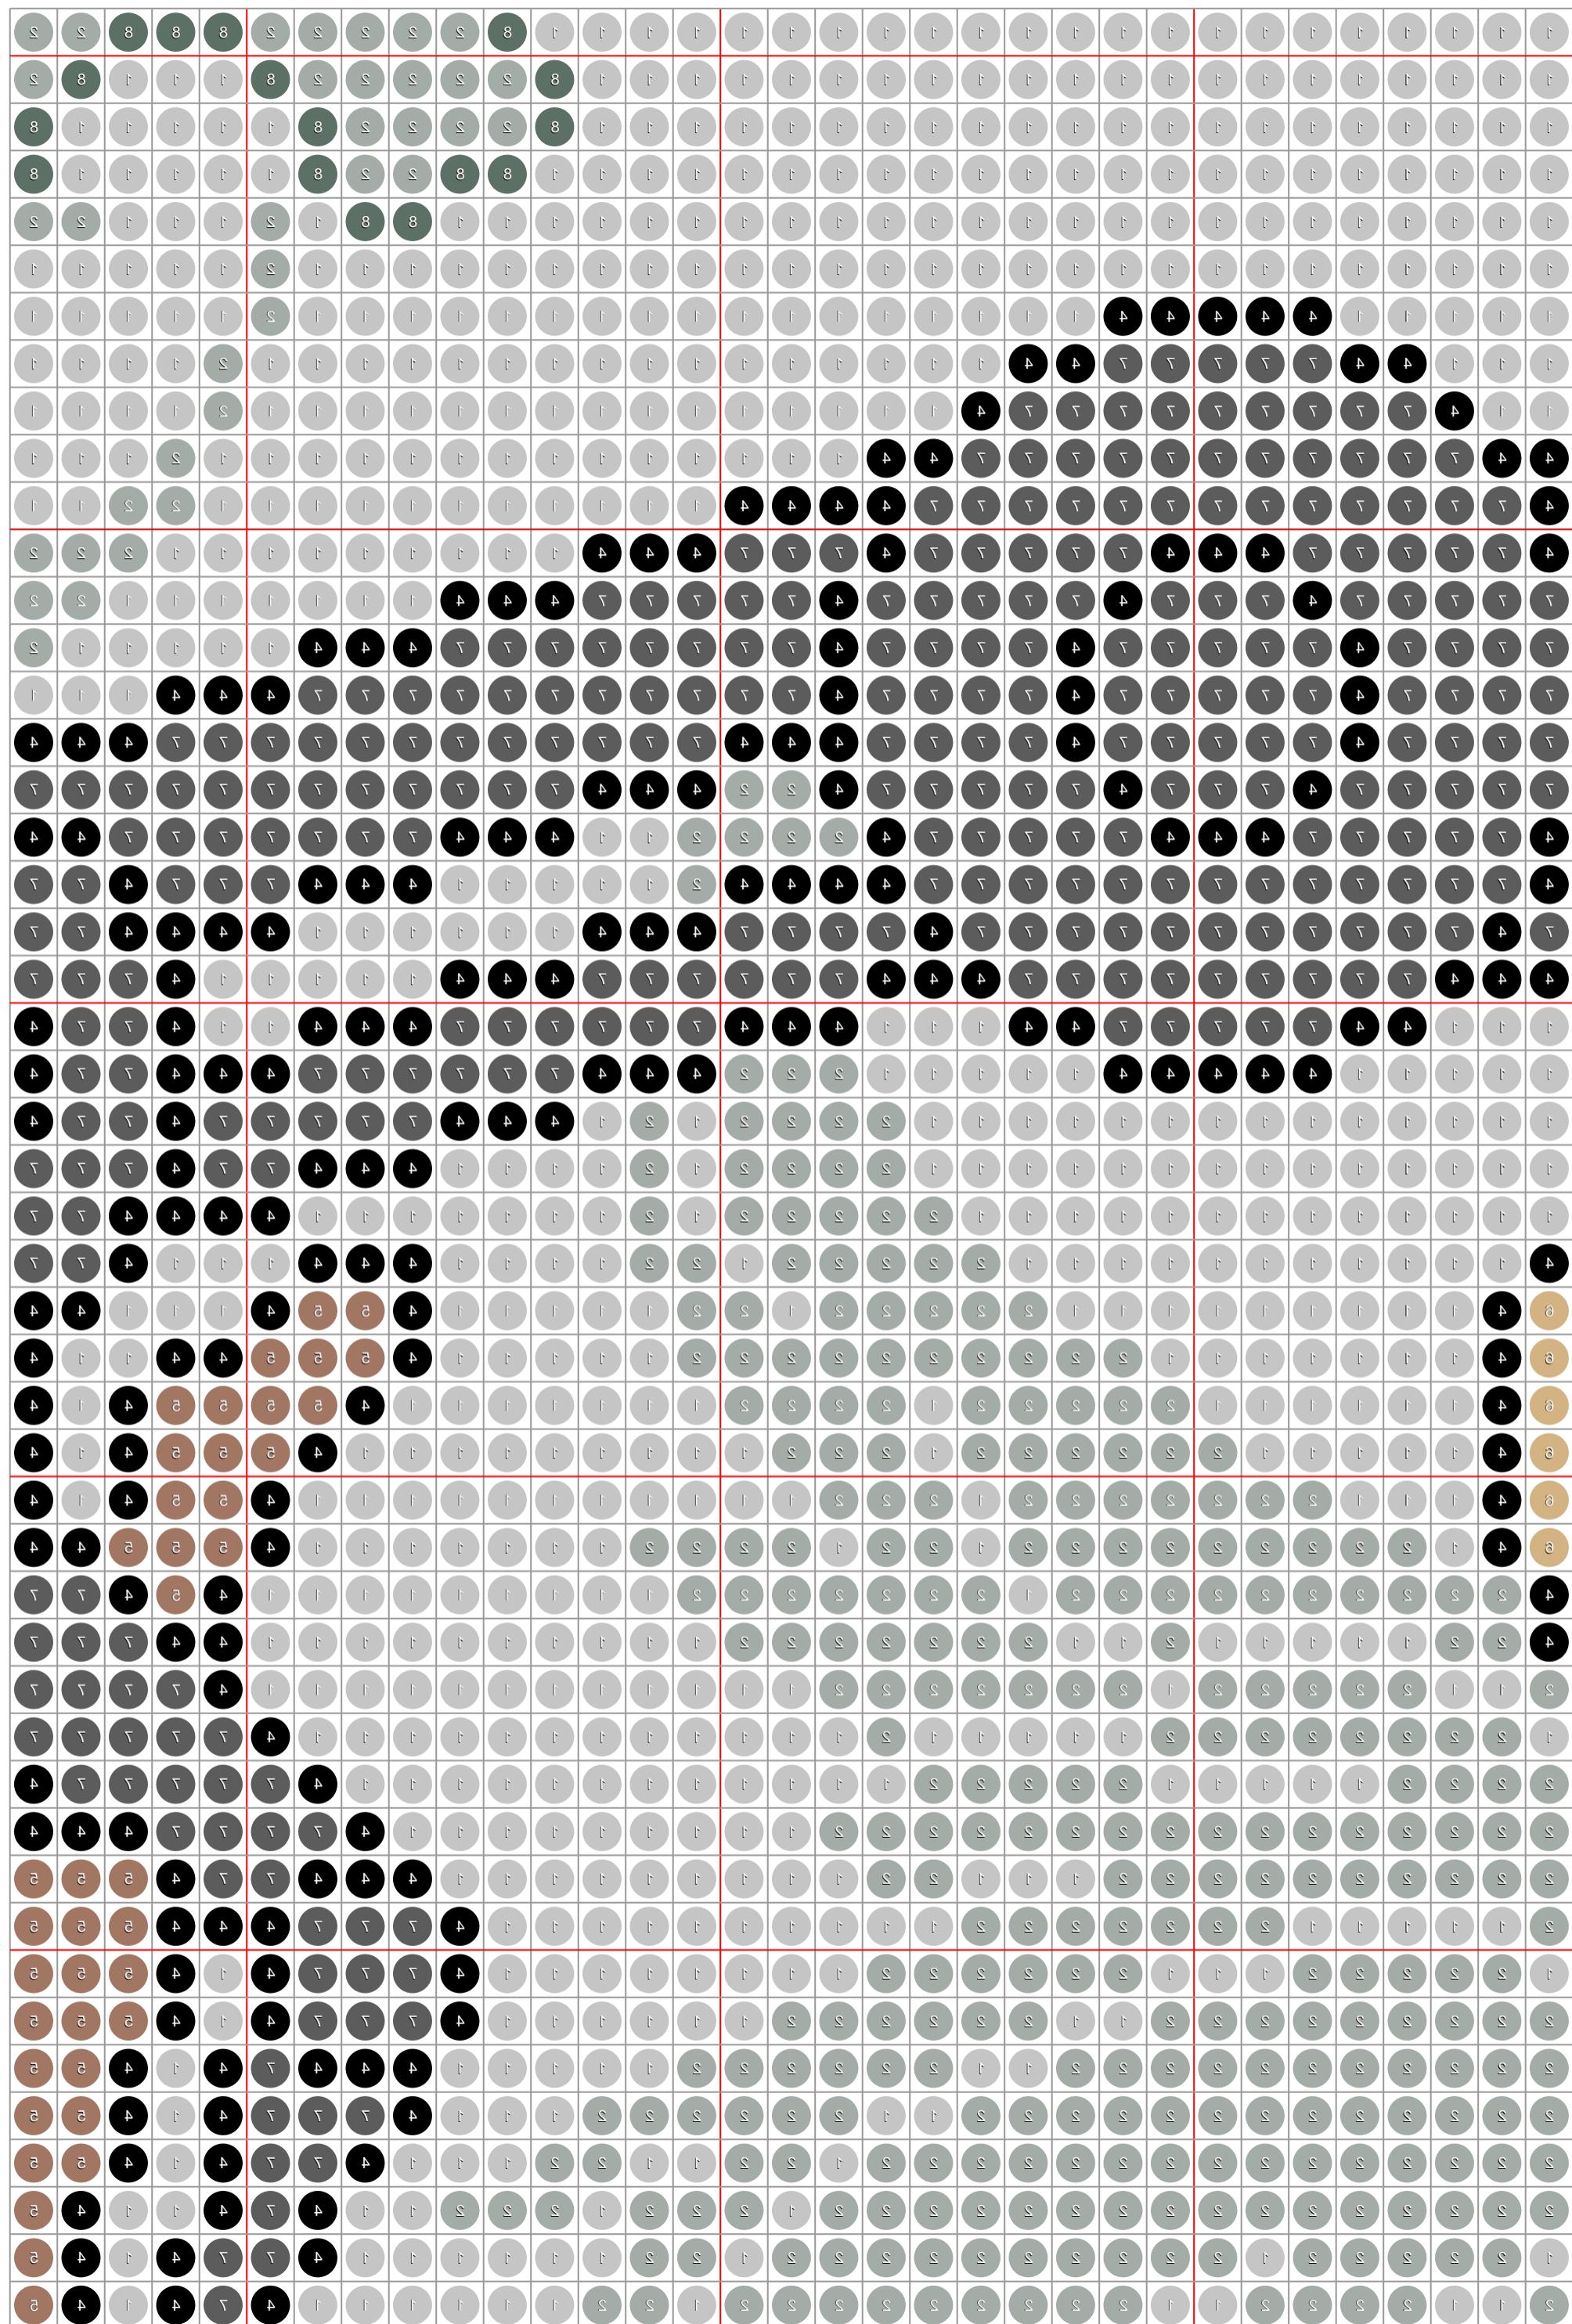

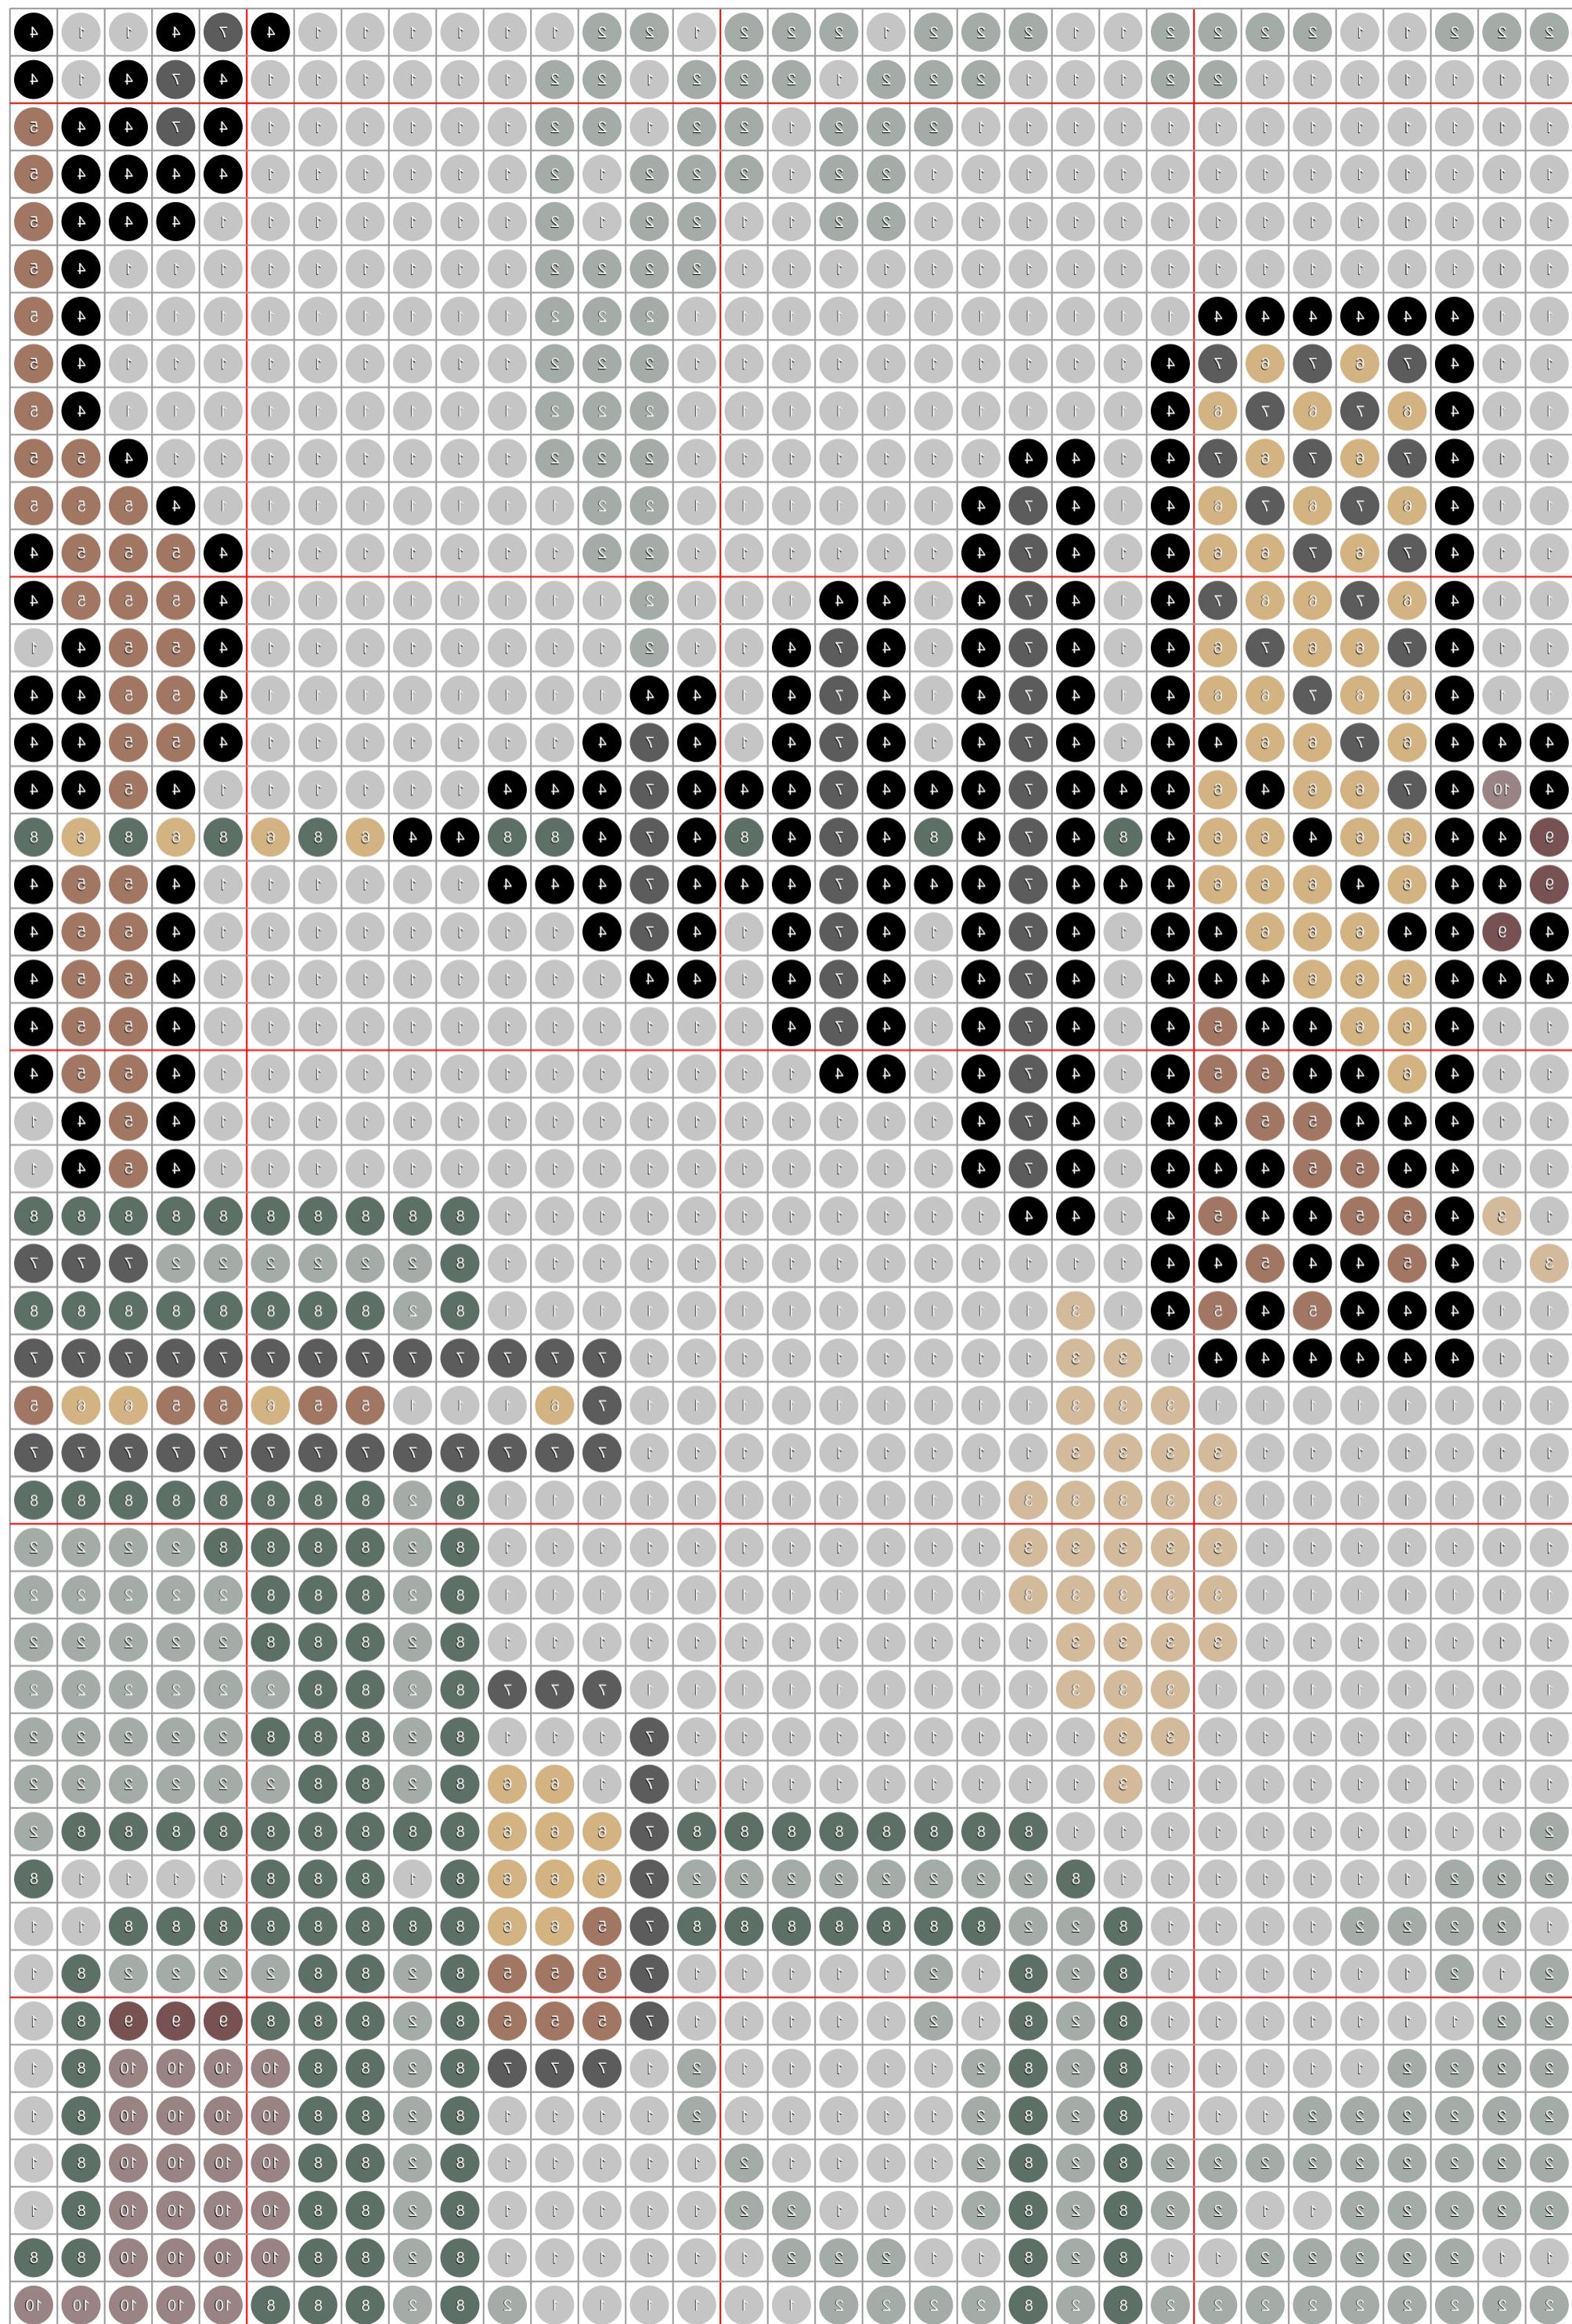

The image shows a 10x10 grid of colored circles, each containing a number. The numbers are distributed sparsely across the grid. A red border surrounds the entire grid. The grid is divided into four quadrants by red lines. The top-left quadrant (top 5 rows, left 5 columns) contains mostly dark green circles with some light gray and brown ones. The bottom-right quadrant (bottom 5 rows, right 5 columns) contains mostly light gray circles with some dark green and brown ones. The other two quadrants are mostly light gray. A single brown circle is located at the intersection of the second row from the bottom and the second column from the left.

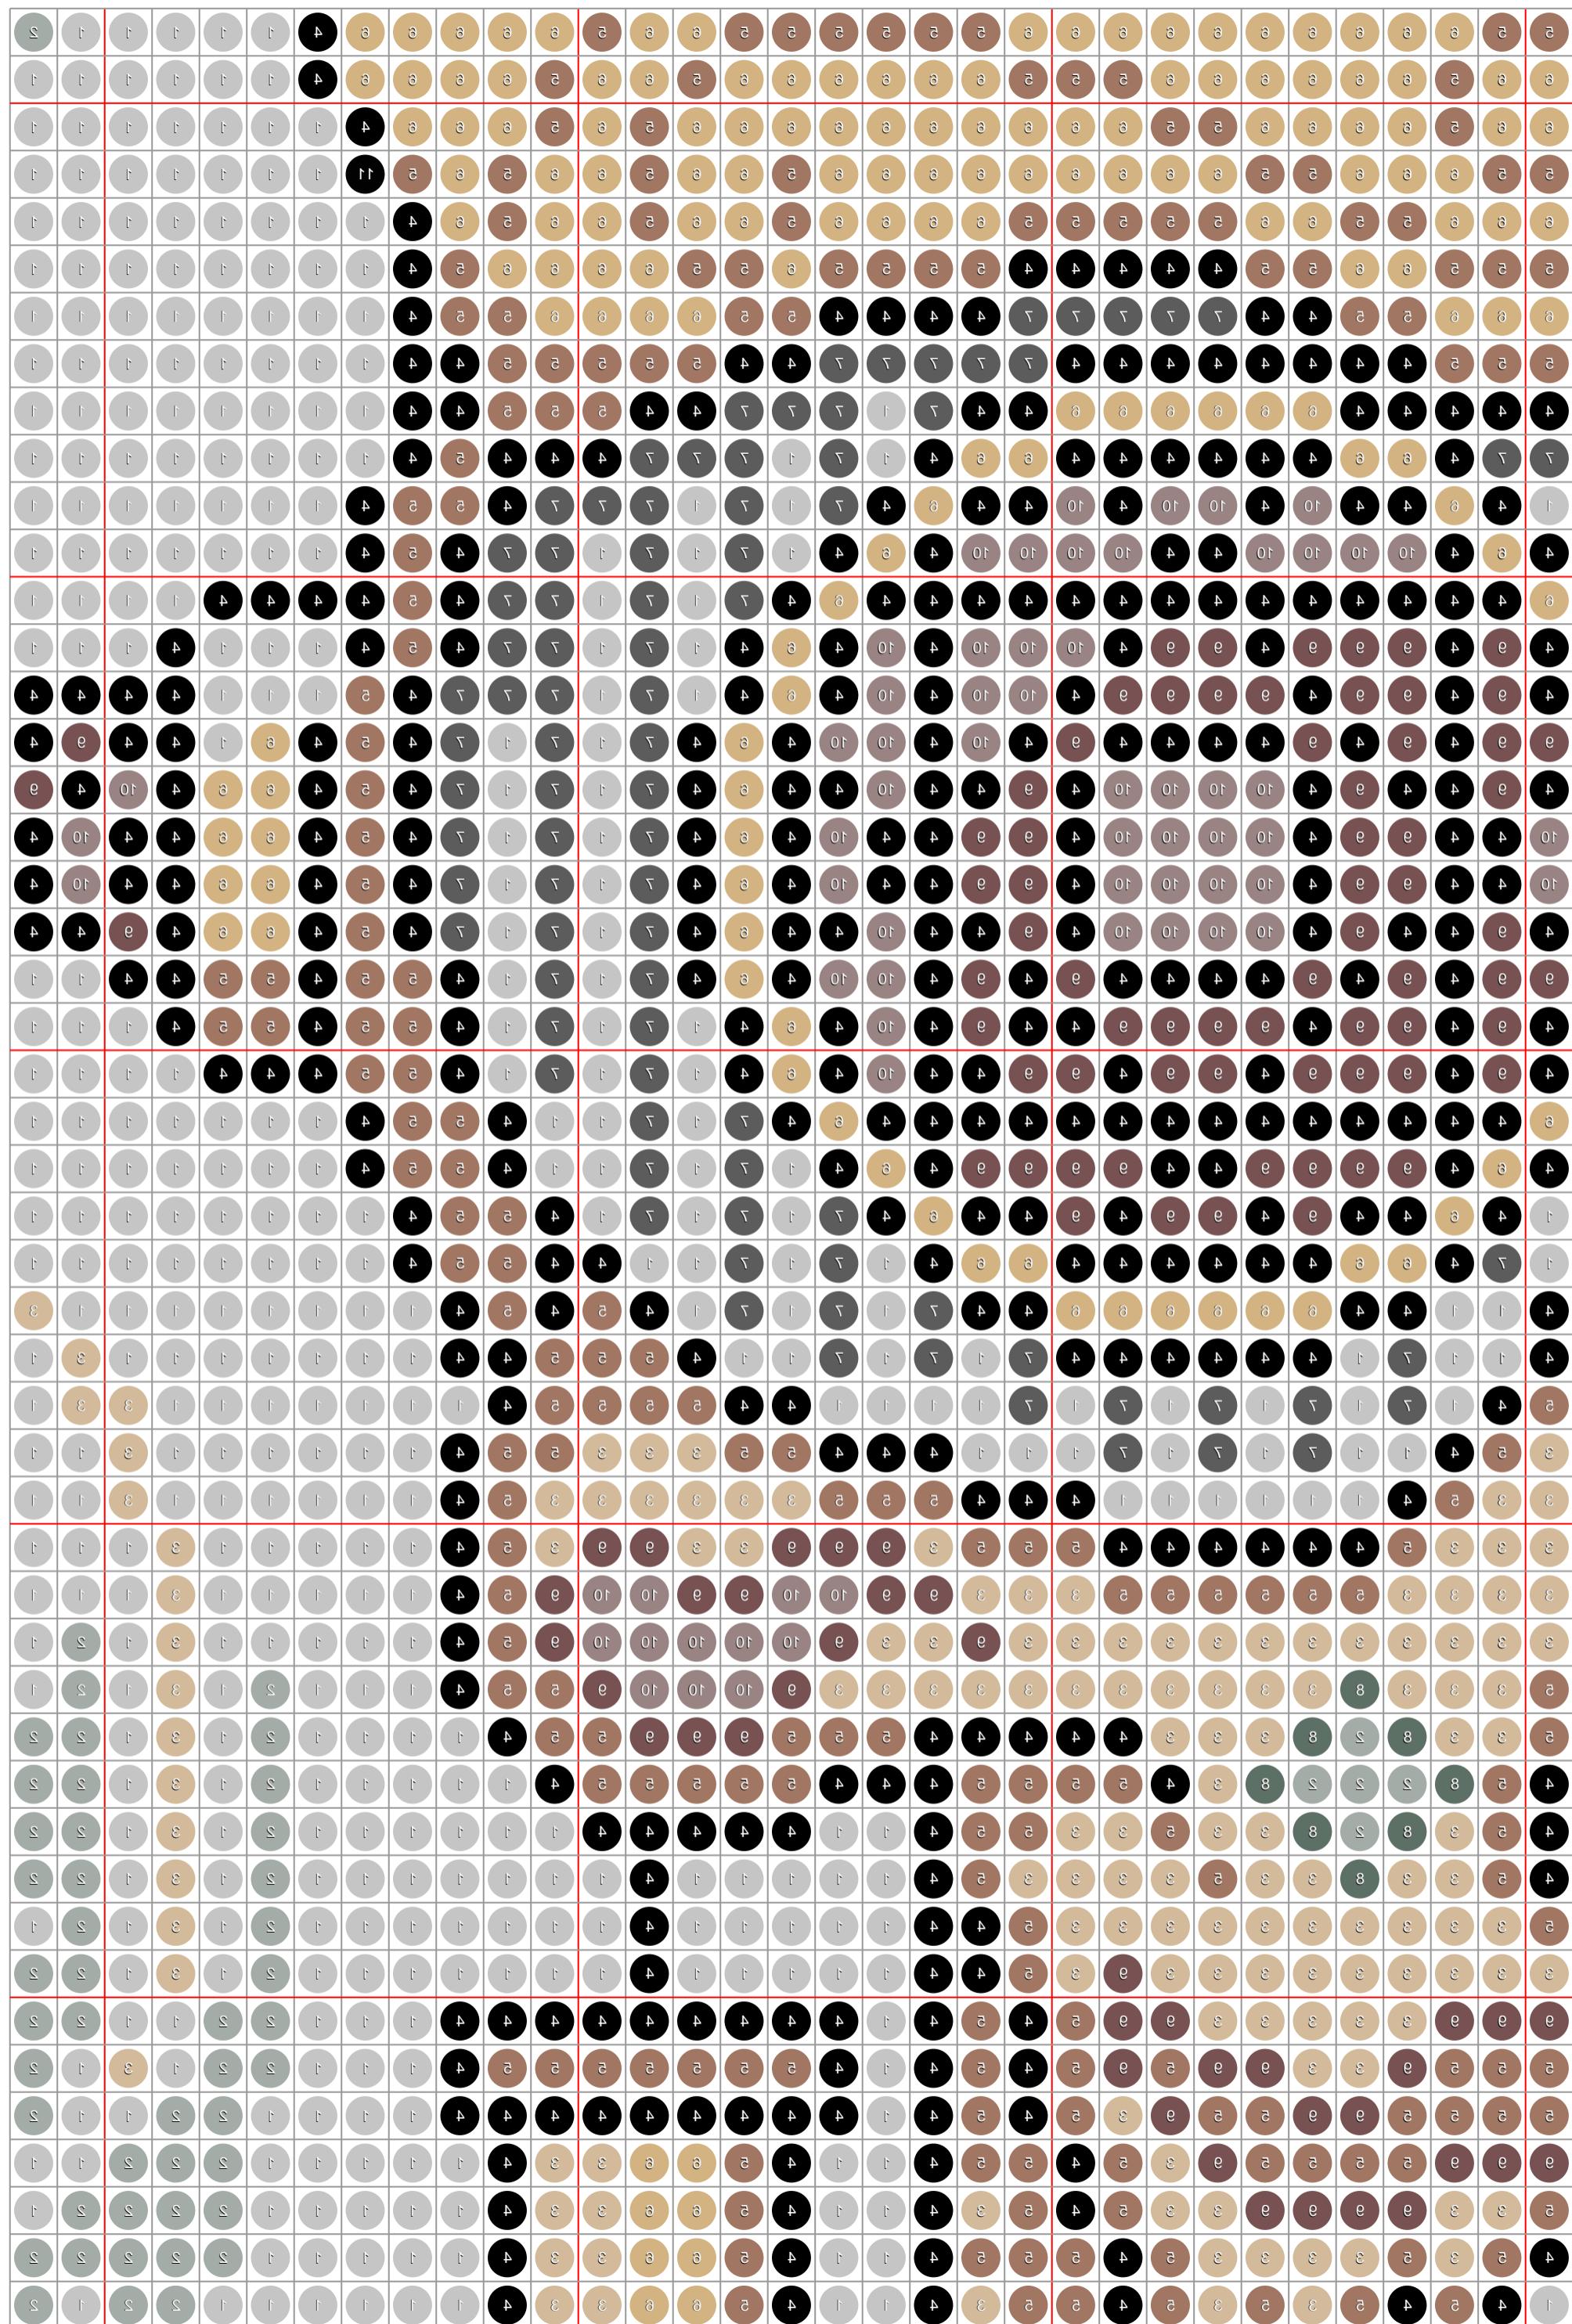

The image shows a 10x10 grid of colored circles, each containing a small white character. The grid is divided into four quadrants by red lines. The top-left quadrant (top 5 rows, left 5 columns) contains mostly black and brown circles with some gray and white ones. The bottom-right quadrant (bottom 5 rows, right 5 columns) contains mostly gray and white circles with some black and brown ones. The other two quadrants are mostly gray and white. A large red 'X' is drawn across the entire grid.

The image shows a 10x10 grid of colored circles, each containing a symbol from a set of four: a white circle with a black border, a tan circle with a black border, a brown circle with a black border, and a black circle with a white border. The grid is organized into four main quadrants by red lines. The top-left quadrant contains mostly dark green circles. The top-right quadrant contains mostly light gray circles. The bottom-left quadrant contains mostly tan circles. The bottom-right quadrant contains mostly brown circles. Some circles are black with white borders, appearing as outliers. The symbols inside the circles are distributed across all four quadrants.
